
# SLATINGTON HIGH SCHOOL 1976

# CELEBRATION YEARBOOK

Celebration. A part of everyone's life. The thrill of good times. The bad times looked back upon with a smile. The Celebration of beginning that first exciting year at Slatington High School and finishing that long awaited one. The Celebration of victories, passing grades, early release, and graduation. The anticipation of celebrating:

"Northern Lehigh School District closed, due to snowy weather." The excitement of being a queen, National Honor Society Member, president, or outstanding athlete. The defeats, cold classrooms, lunch time, Mondays, and exams will all turn into Celebrations tomorrow as we look back upon our days at Slatington High School and Celebrate.

OMMUNITY L

The celebration of our nation's founding was an unforgettable event made even more unforgetable by the Class of '76. The theme for Pennsylvania's Bicentennial is "So Your Children Can Tell Their Children." Our school and community were involved in plans to make this 200th anniversary one our class would remember and would discuss with future generations. Through the youth, the family, and the community, the spirit of '76 was ignited by many community affairs.

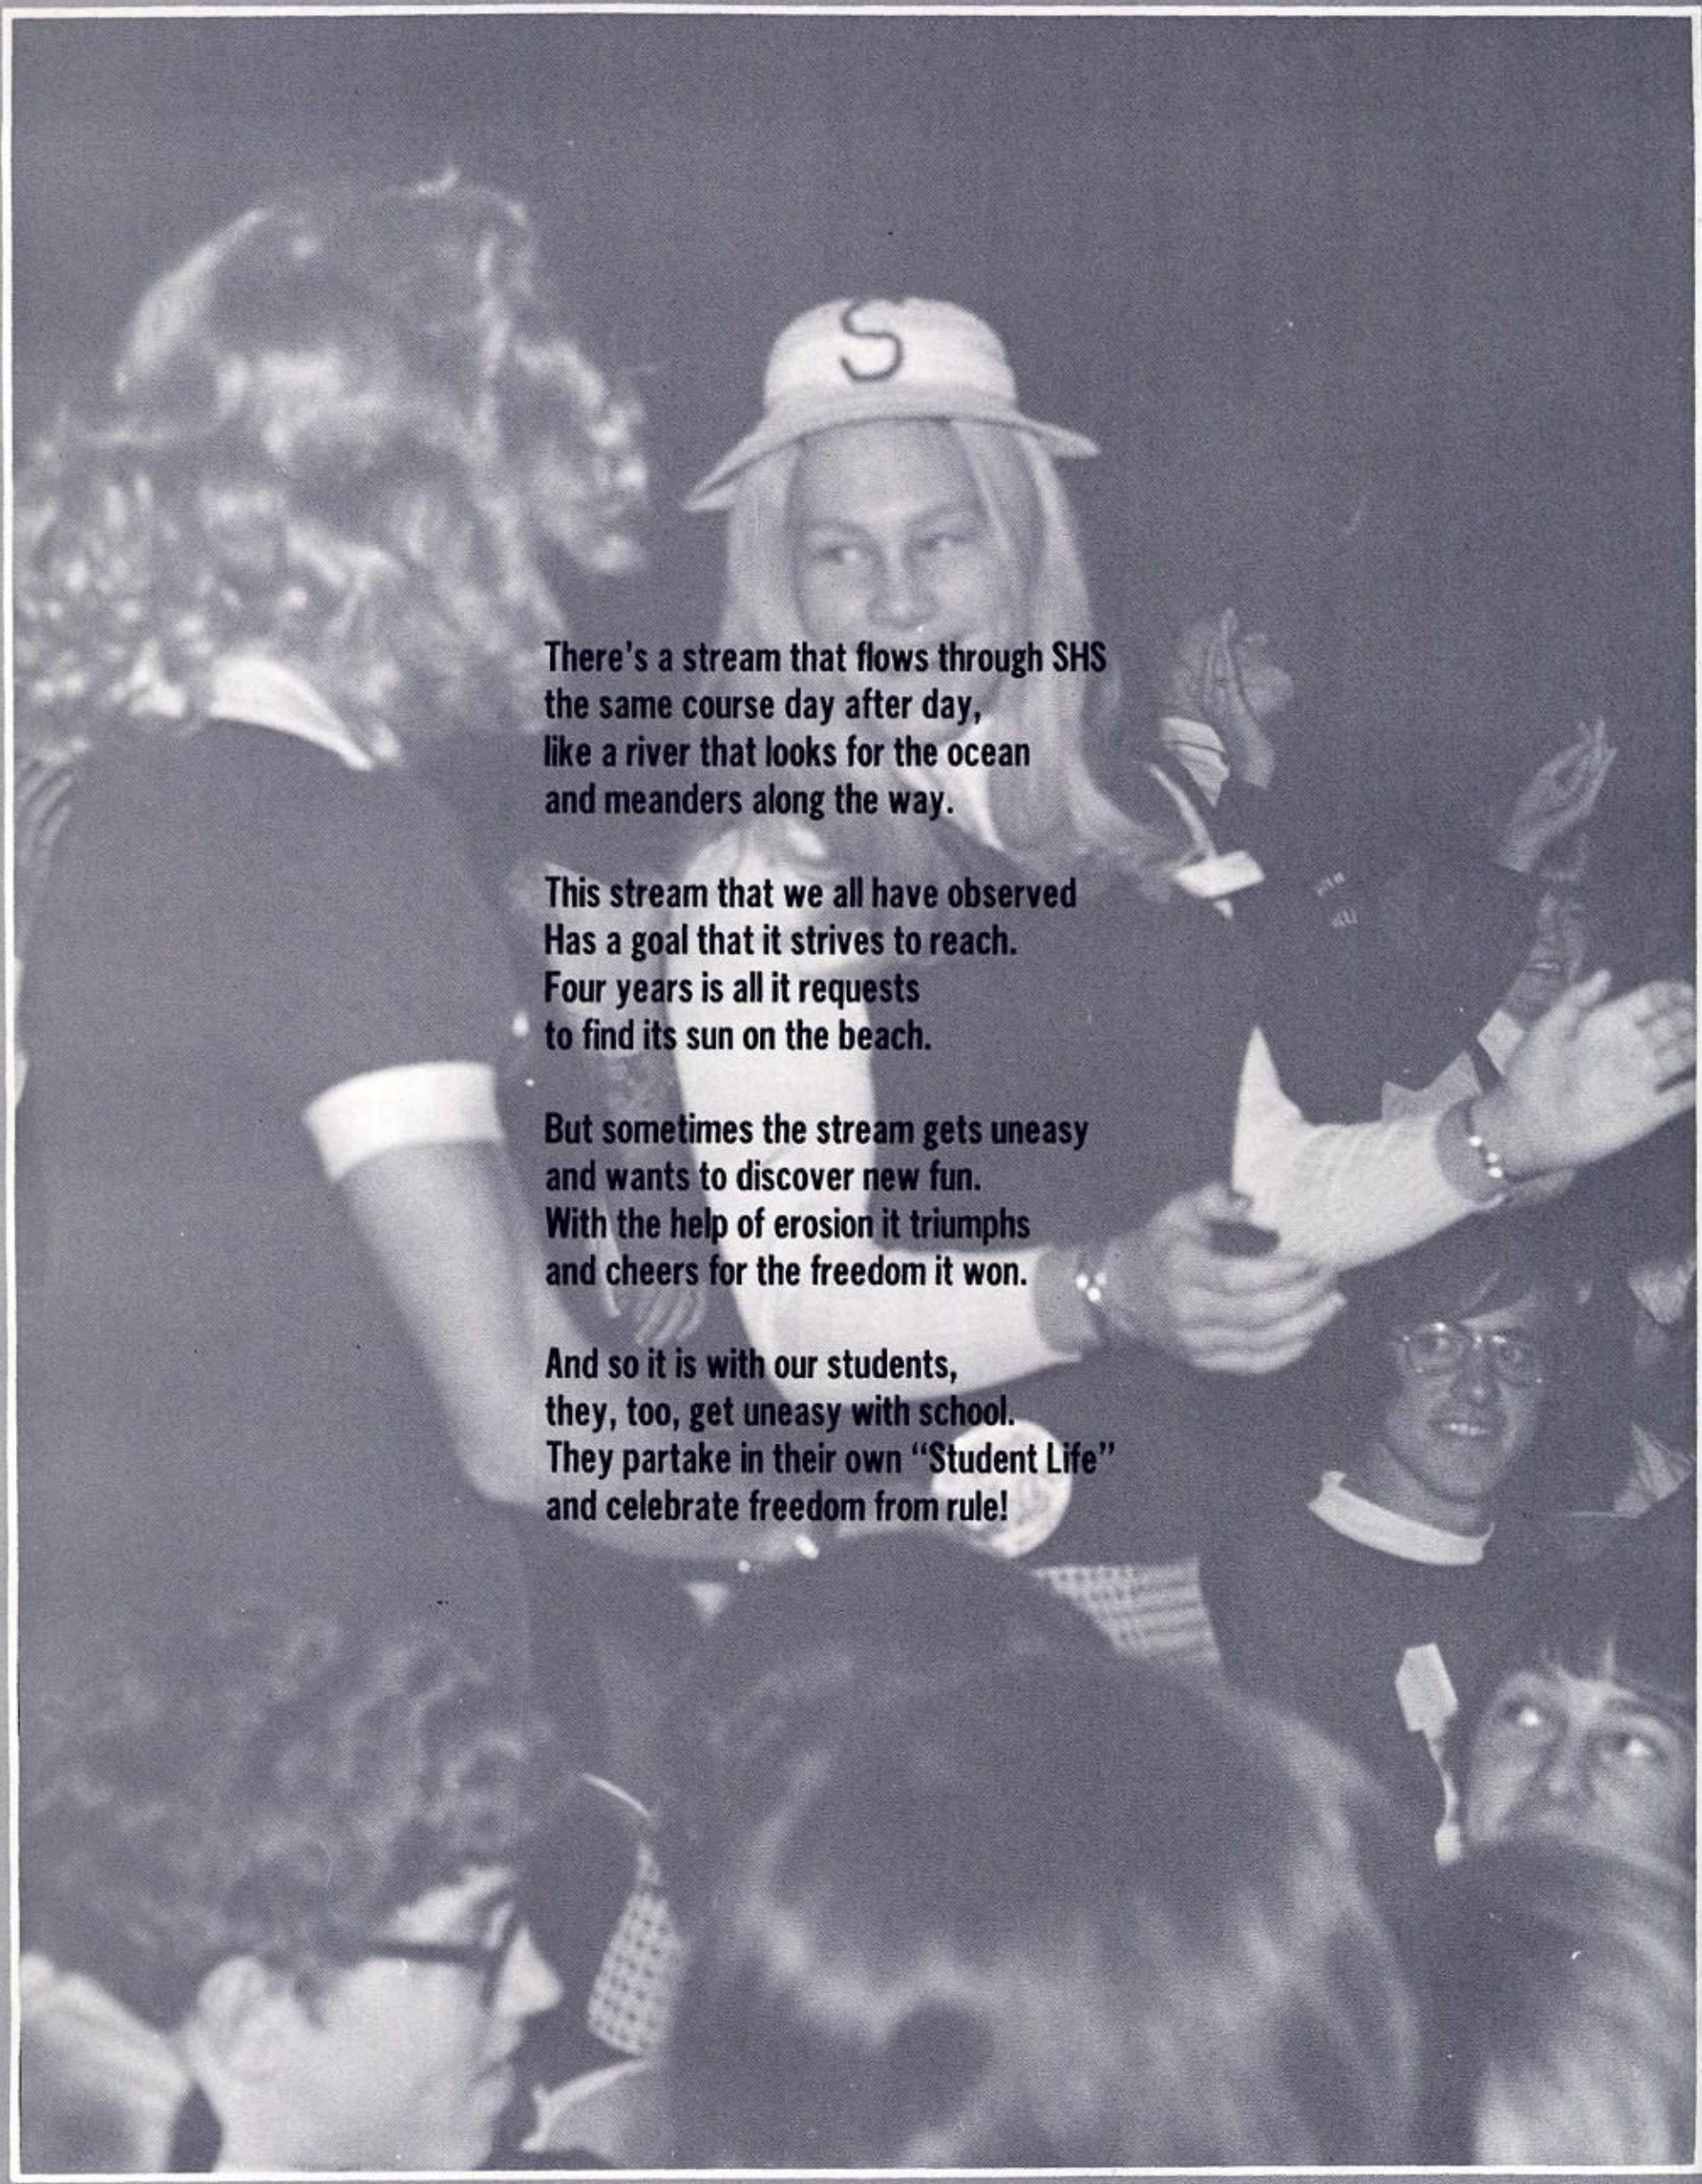
In school, to excite our youth, many projects were proposed. Youth Bicentennial Committee was established throughout Lehigh County and Kathy Jones, representing Slatington, was elected secretry of the committee. Half-time at football games, our band gave an impressive performance, recreated the colonies' fight for freedom. The Bicentennial Class then held a Bicentennial Week in May in which assemblies depicted different aspects of United States' history. Since the graduating class wanted to make their class trip a never-fading memory they embarked on a two day excursion to Boston.

CELEBRATION BICENTENNIAL CELEBRATION BICENTENNIAL CELEBRATION BICENTENNIAL

# CELEBRATION

To rekindle its patriotism our community started off the celebration with a parade. Next,a Bicentennial Emblem contest, held by the Jr. and Sr. Women's Clubs, aroused the ingenuity of high school students. The creativity of Karen Hoppes and Debbie Peters was rewarded with prizes and public recognition. The clubs also incited the imagination of fine artists in high school, basing an art contest on the Bicentennial theme. First place was awarded to Kim Krupa. Jo Beth Bolton won 1st prize in the Bicentennial division of a sewing contest. The activities continued with square dances, fashion shows, a Funky Fogey Derbey, a Colonial Ball, a Family Fun Day, and much more.

Amid the fun and contest, the purpose of the Celebration was to recall our Fore Fathers and to renew the faith they had in freedom, liberty, and justice. Our community has aspired to help our class rediscover the principles our country was founded on, and to unite with others to experience a Bicentennial Celebration no one will ever forget!



There's a stream that flows through SHS
the same course day after day,
like a river that looks for the ocean
and meanders along the way.

This stream that we all have observed
Has a goal that it strives to reach.
Four years is all it requests
to find its sun on the beach.

But sometimes the stream gets uneasy
and wants to discover new fun.
With the help of erosion it triumphs
and cheers for the freedom it won.

And so it is with our students,
they, too, get uneasy with school.
They partake in their own "Student Life"
and celebrate freedom from rule!

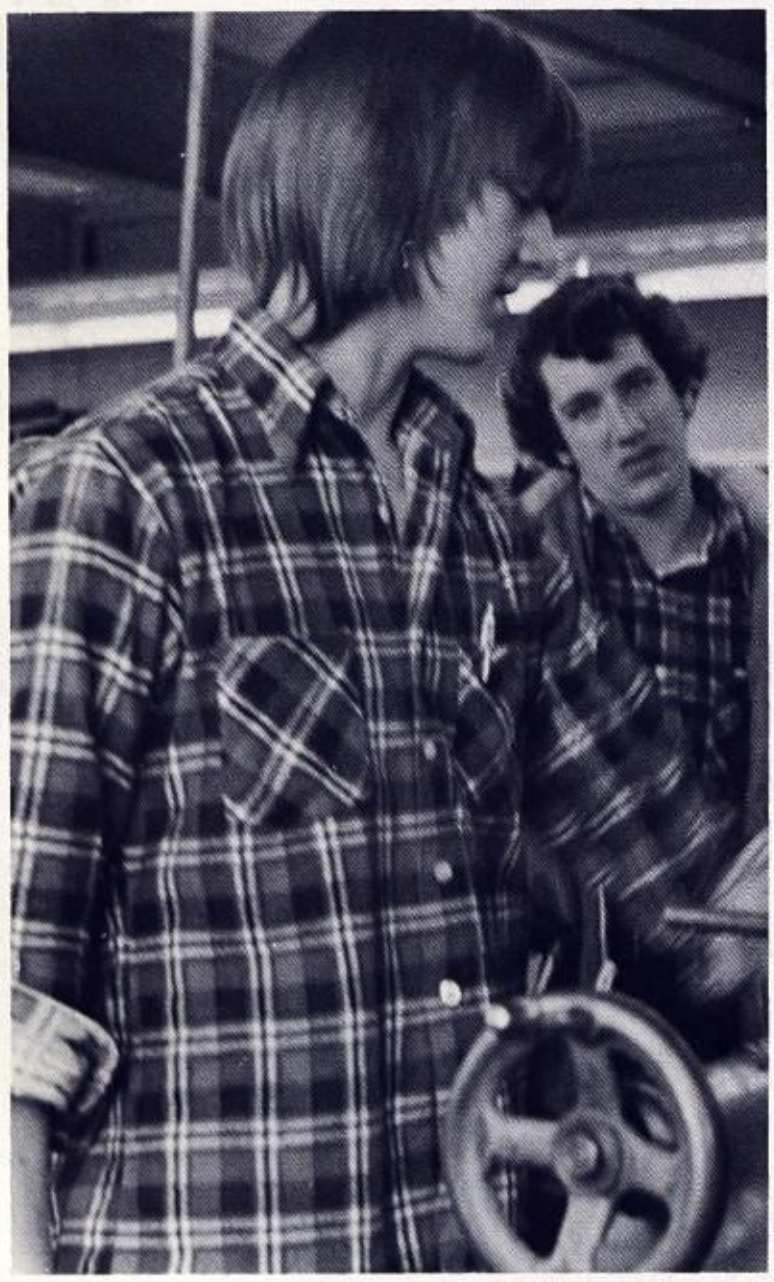
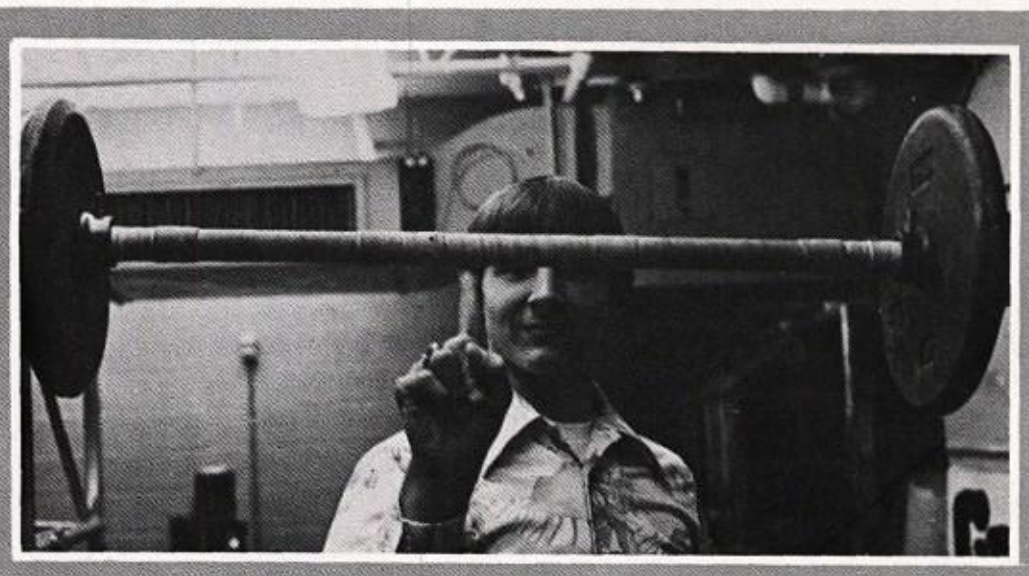
# Privilege & Responsibility

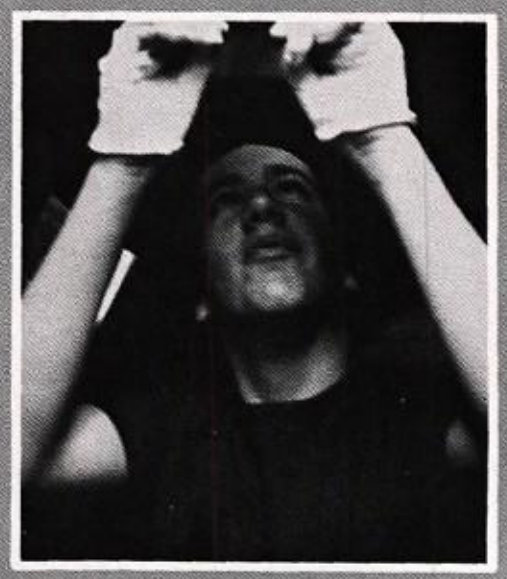
A new system was introduced at the beginning of the 1975-76 school term. Being well-liked by the student body, the Early Release Program proved successful. Each student was allowed a choice of either early dismissal or an 8th period elective; however, their responsibilities became greater. They had to obey all the rules set down for this Program. Realizing that this privilege could be revoked at any time, the students soon began to discipline themselves. Although a great majority of students chose the early dismissal,



many remained in school during the 8th period in order to take advantage of some of the new, exciting, electives which were being offered. Just a few of these interesting electives which were opened to both girls and boys were yoga, volleyball, softball, and home ec.

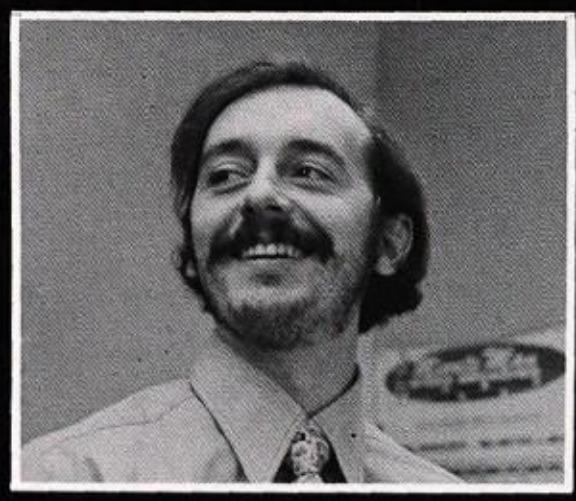
This new 8th period system gave the students not only much more responsibility, but also increased their rights and privileges; and this type of atmosphere is needed, if students pride in our school is to be continued.





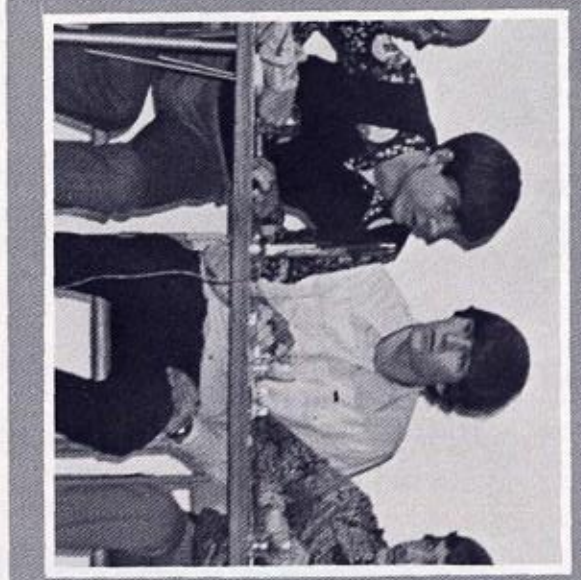
"I felt yoga would be an opportunity for students to relax after a day of relative inactivity."

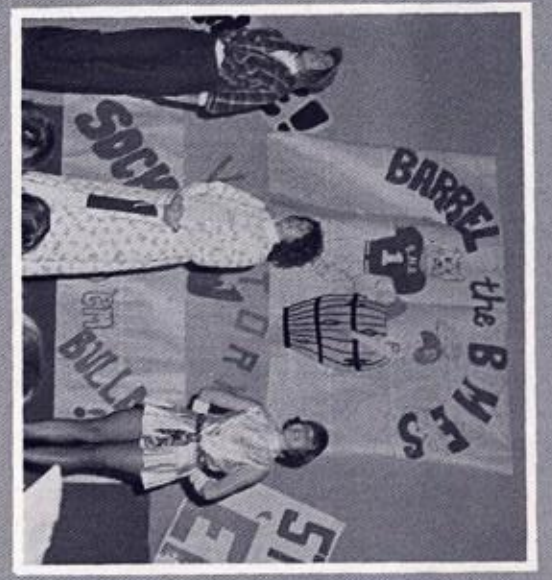
In the beginning, everyone was enthusiastic to learn the weird postures and to



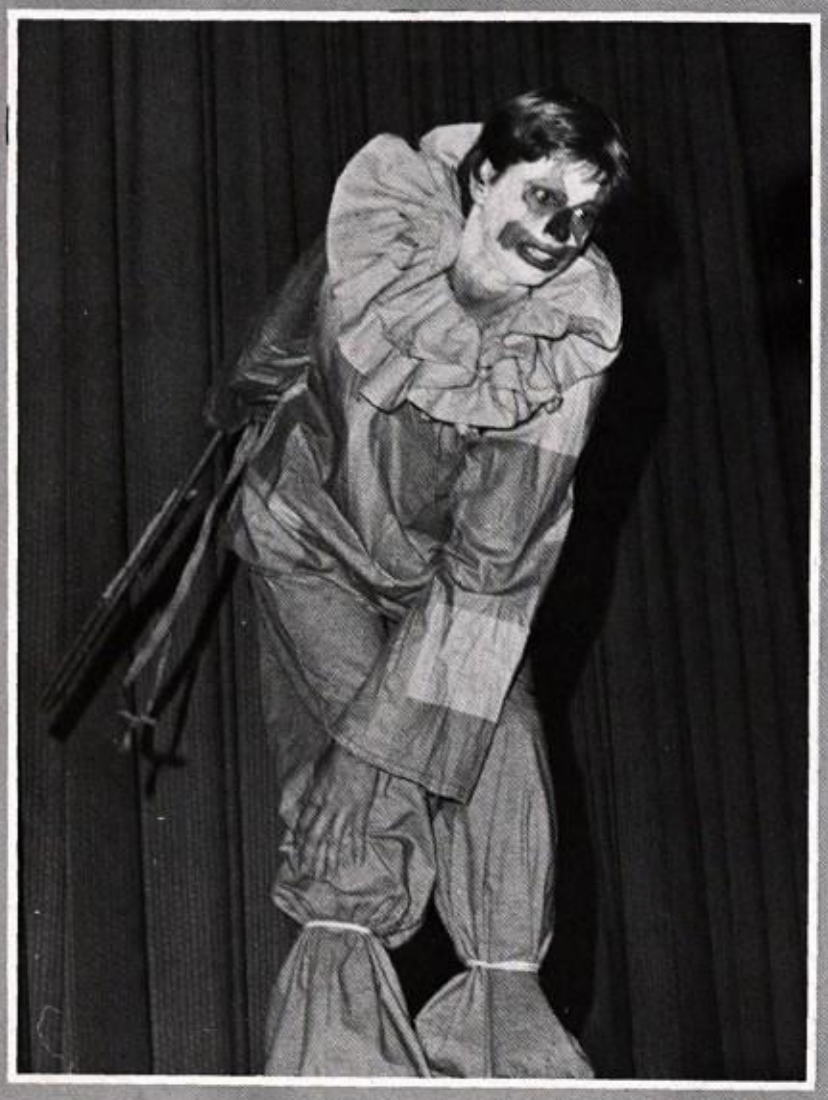
practice mediation. Because of the inherent difficulties of maintaining concentration, a majority of people began to lose interest. For those who remained disciplined to practicing the slightly uncomfortable postures much limberness of body and clarity of mind resulted. As Mr. Smith often exclaimed. "No pain, No gain!"

# Students Escape Daily Routine

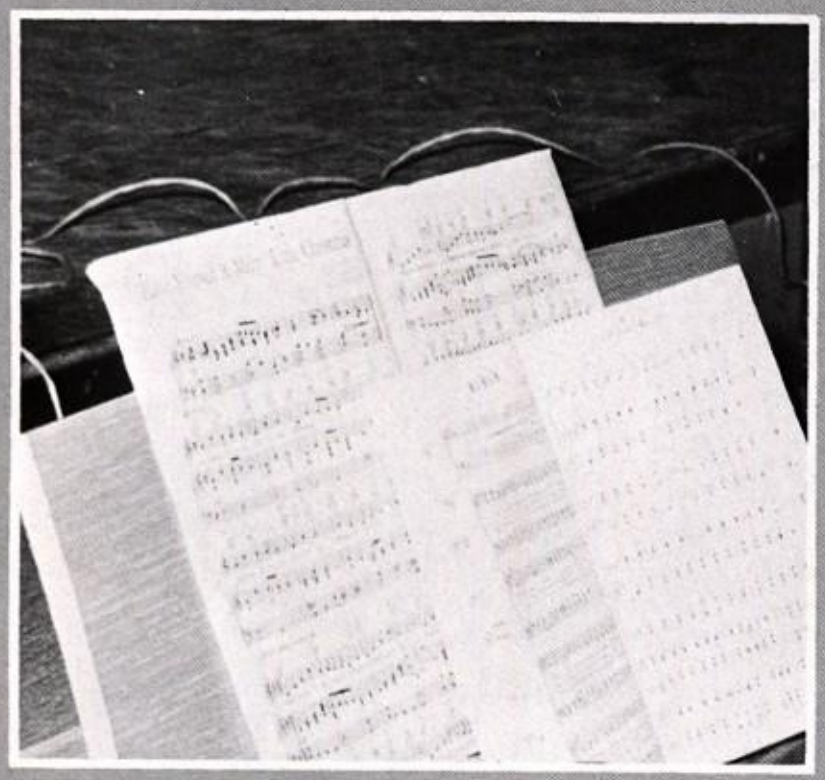


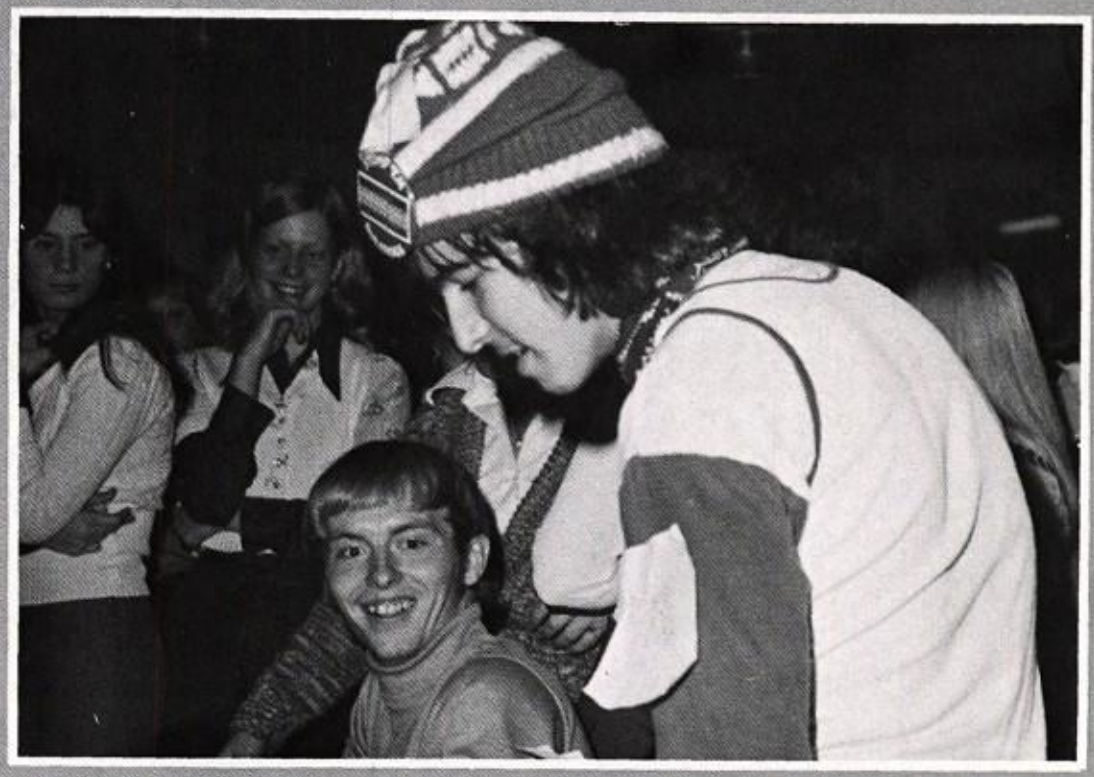


# Assemblies



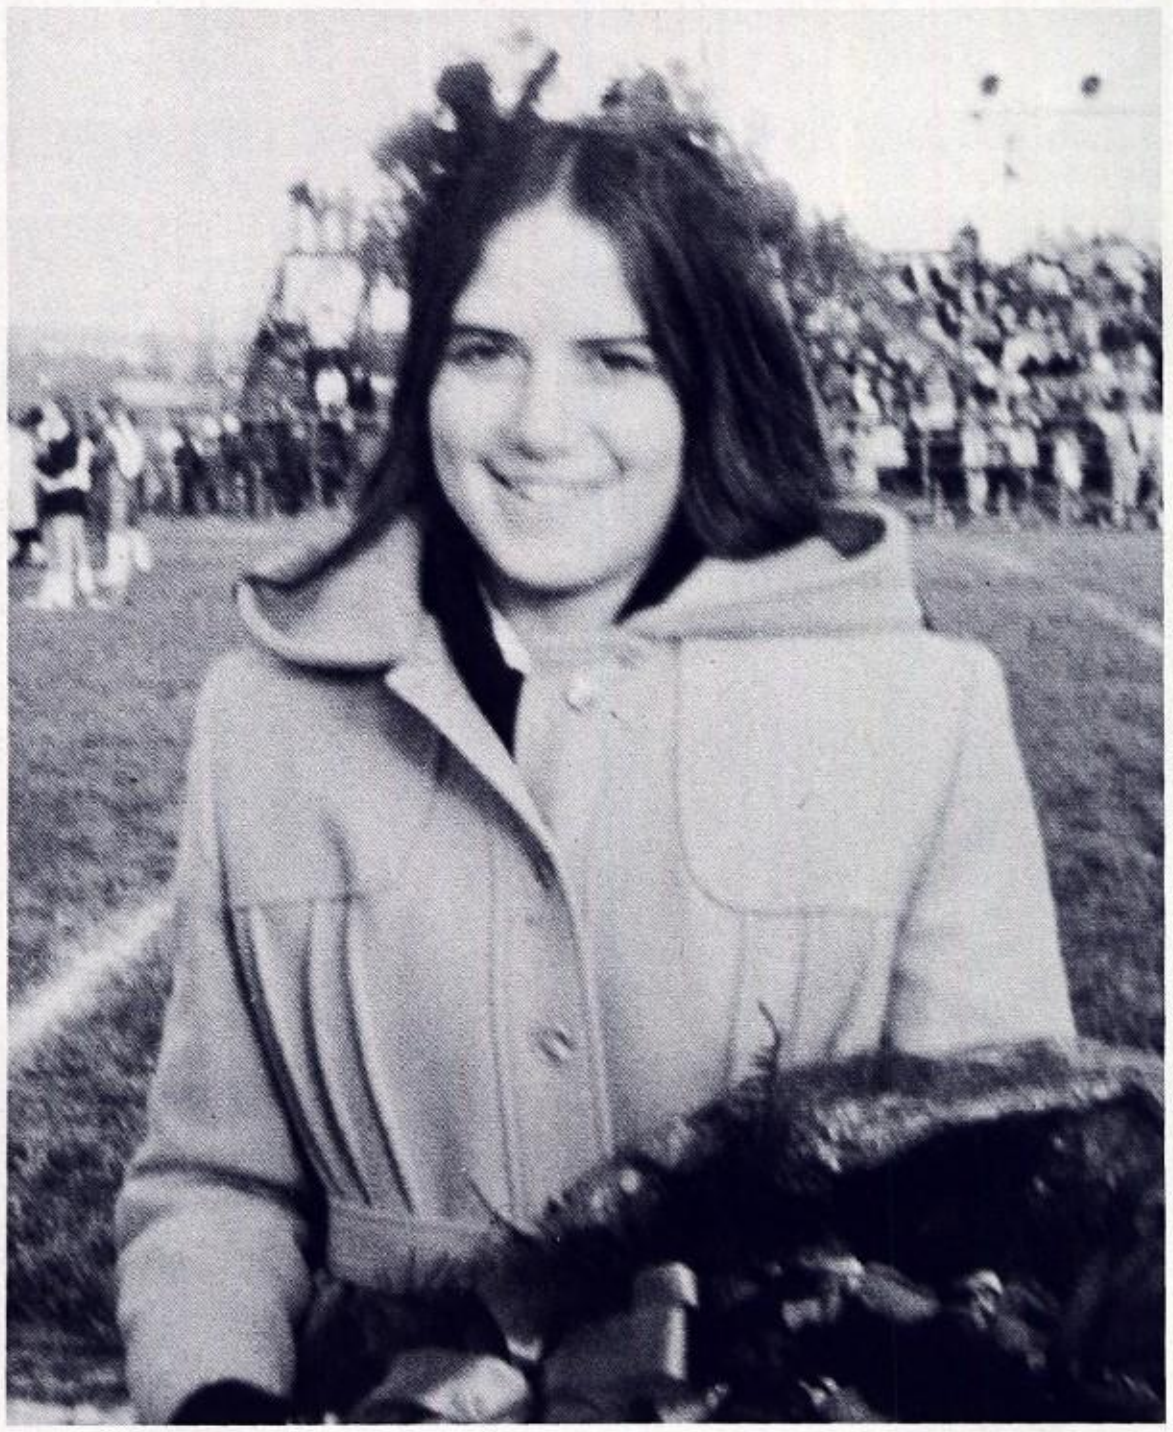
Once a week students escape their responsibilities by going to the auditorium for an assembly. Programs ranged from professional jugglers to SHS-made skits. When assembly presentation could not be found, students invented their own show. For example, the Christmas program featured unrehearsed singing by Mrs. Roeder's English classes. Although we usually had an assembly every week, many complaints were heard by students, who sometimes became restless during shows. Many thought the assemblies were "too formal" and some had "no comment."





# majestic moments

It was a weekend of suspense, expectation, and thrills. The last game of the Centennial League season brought with it that certain aura that was felt by all. The festivities began the day before the big game with an exciting pep rally to rouse and cheer on the Bulldog team. During this assembly with dim lights and high spirits the team announced their choice for Football Court. It was a moment of shock and ecstacy for Football Queen, Sharon Greiss, and her court of Linda Weaver, Judy Hankee, Debbie Krobath, and Kim Neff as they were escorted to their places amid the flowers and crepe paper. The spark of the Slatington-Palmerton rivalry was not lost in the change of date from Thanksgiving to the Saturday before, but rather it exploded as the Bulldogs did away with the Bombers.



One can still remember the suspence and excitement associated with the announcement of the Homecoming court with amid tears and electronic flashes as Vicky Kemmerer accepted the crown.

The Homecoming week seemed to initiate a period of high play. People involved themselves with float decorations. The team seemed more inspired at practices. Student spirit at the Homecoming assembly was encouraged by a blue-and-white dress-up contest. The spirited mood leaked out onto the football field as our team responded with a decisive victory over Northwestern. The celebration continued after the game with a dance.

1975-76 Homecoming Court: Annette Shimko, Kathy Jones, Queen Vick Kemmerer, Judy Hankee, Judy Schneck.

# behind the scenes

For three "enchanted" evenings capacity crowds were treated to our school musical, "South Pacific". Although the long hours of practice included many obstacles such as speaking French and dancing in the Thanksgiving Follies, opening night jitters were quickly forgotten; and the show was a great success. Set designer, Rick Eckhart filled the stage with tropical flowers and shrubs, while make-up personnel transformed budding actors and actresses into nurses, tattooed sailors, French islanders, and natives. The lead roles were played by Debbie Schleicher and Tom Yenser; the supporting cast included Bonnie Geiger, Steve Trellinger, Scott Shoemaker, Kathy Jones, Ricky Meckes, and Tom Horner. Falling palm trees, flying pipes, and spilt champagne never hin-

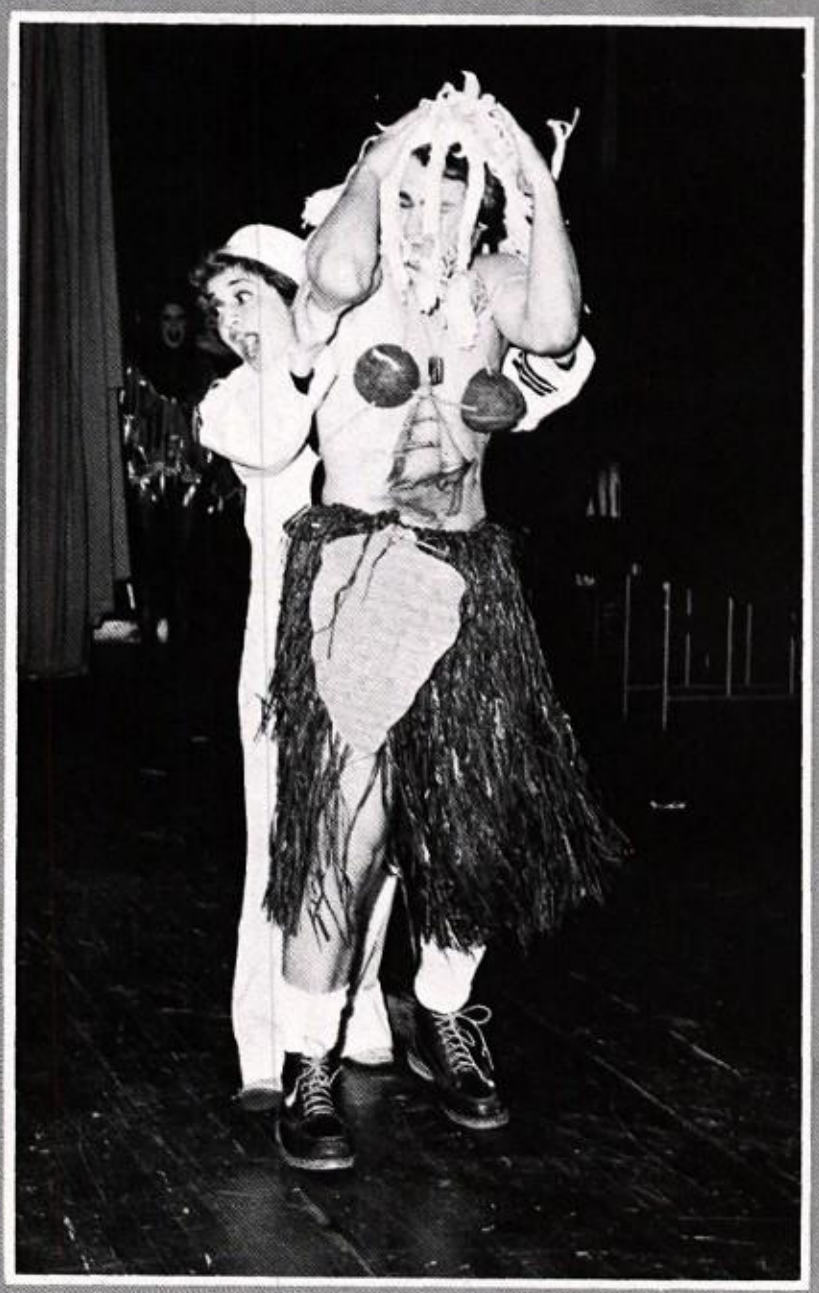
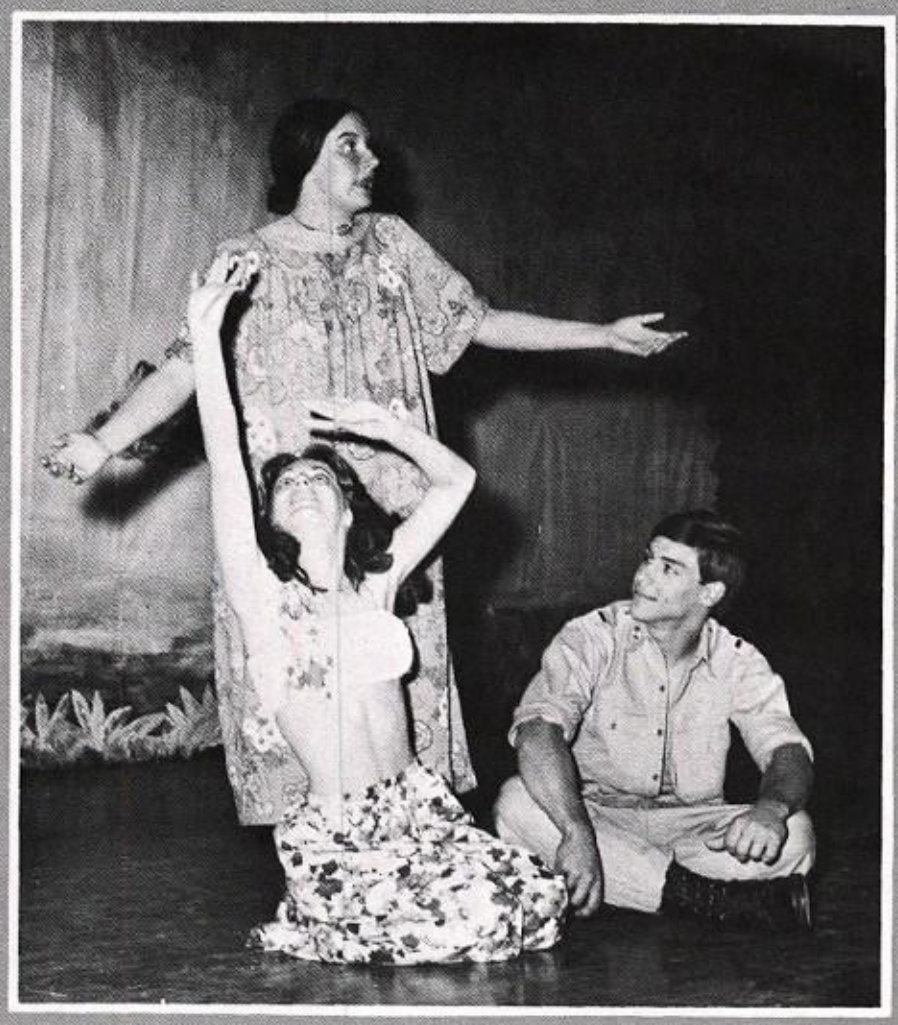
dered the expert cast as they performed such songs as "Honey Bun," "There Is Nothing Like A Dame," and "Bali Hai." Director George Fennell and pianist Irene Ringer led the way through love and comedy scenes. A Polynesian party at the Women's Club brought an end to the trills and excitement of "South Pacific."

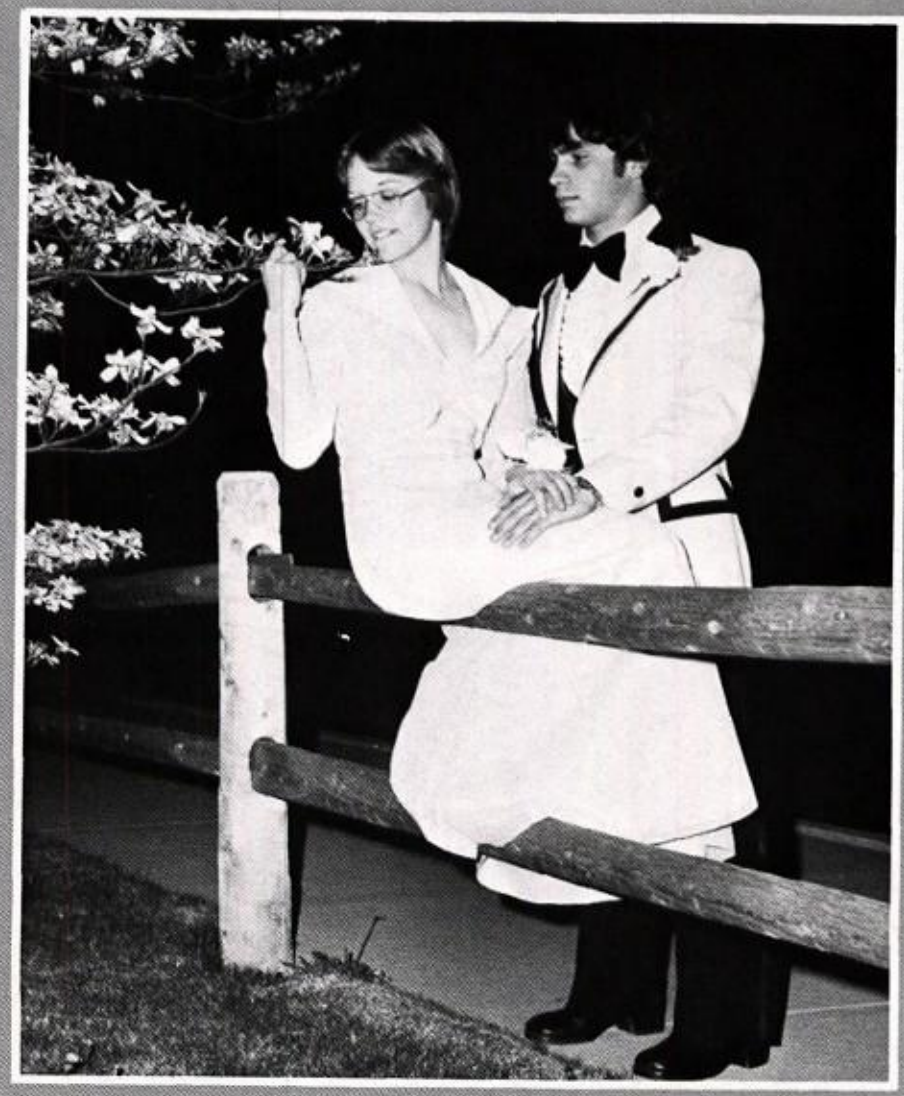




# dream on ...

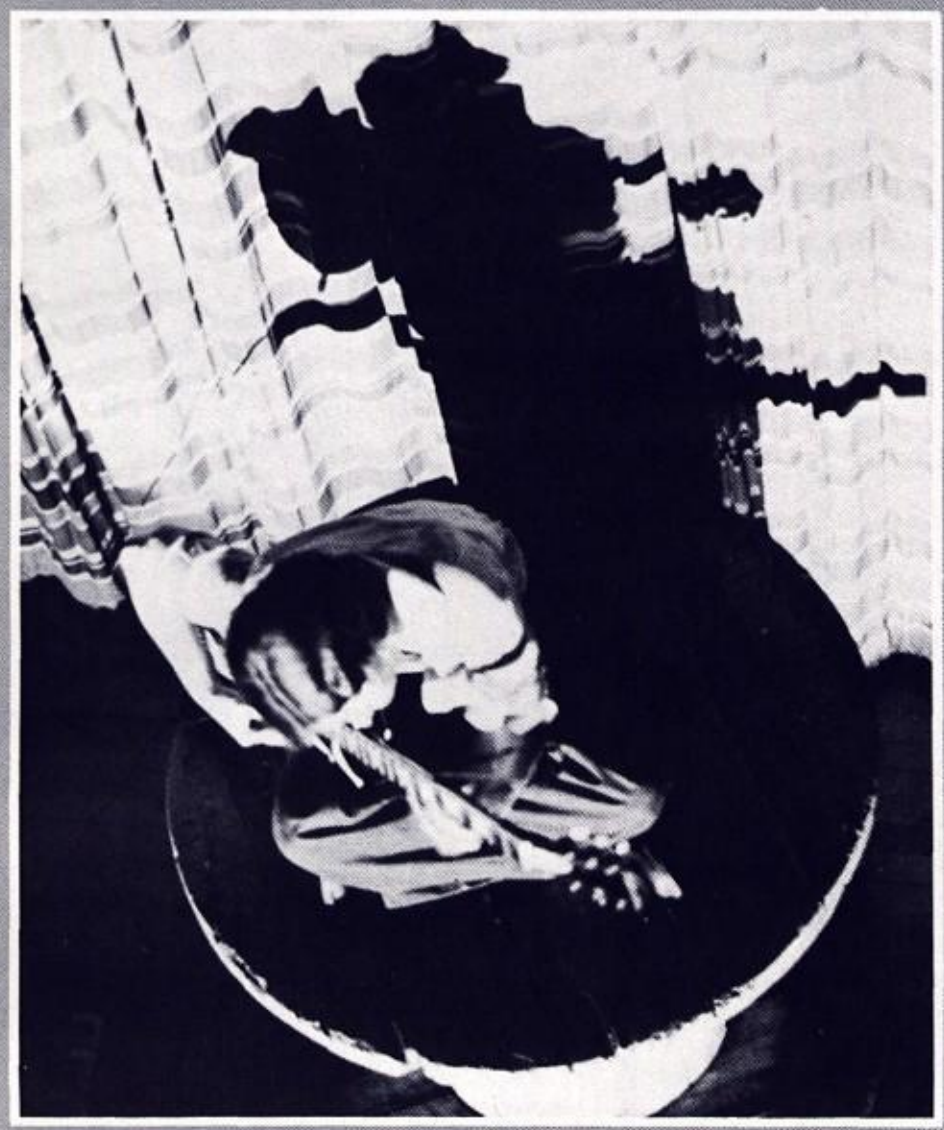
On Saturday April 24, 1976 the Class of 1977 created their own dream. Dancing to the beat of Patchwork under a star studded and cloud filled room, everyone seemed to enjoy themselves. As time flew by the magic moment arrived when the Junior Prom Queen would be crowned. Each of the members of the Court was introduced as she met her escort and was led to her seat of honor.

# Junior Prom—1976



Finally, the emcees announced the new queen to be Miss Debbie Schleicher. She and her escort led the court in the royal dance to the tune of "Dream On." Emcees for this special night were Janice Polakovics and Tom Yenser. The court, as seen on the picture, consisted of Joann Bechtel escorted by Charles Horner, Lori Dorward escorted by David Freed, Gail Howey escorted by Russell Pierce, Marianne Jones escorted by Kevin Kester, Terrie Rauch escorted by Glen Handwerk, flower girl Christie Howell, Queen Debbie Schleicher escorted by Marc Grammes, Crown bearer William Walker, Debbie Wertman escorted by Layne Greenszweig, Terri Reinheimer escorted by Scott Shoemaker, Sally Pfeiffer escorted by Dale Lewis, Kathy Jones escorted by Richard Haas, Kim Farber escorted by Dennis Mankos, and Cindy Bishop escorted by Ray Miller.

# a salute to AMERICAN MUSIC!



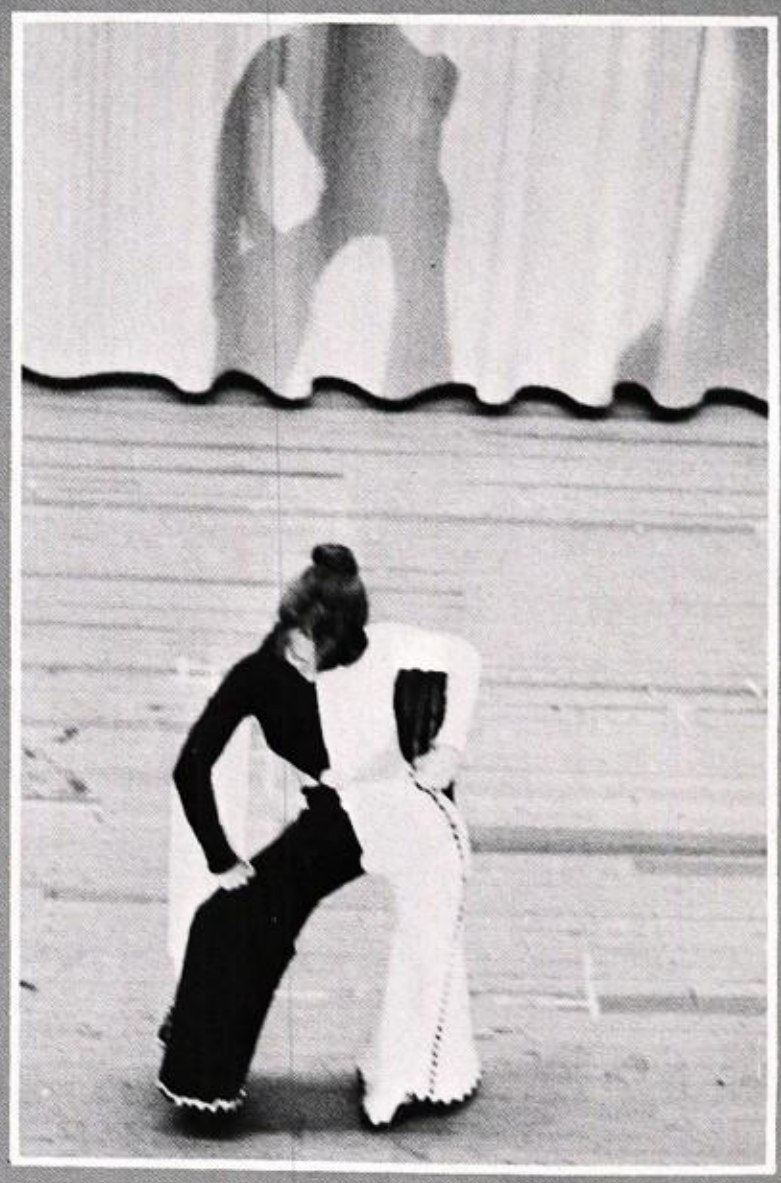
## Kids Celebrate

Not only did the High School and community get involved in a bicentennial celebration, but also elementary schools. Bicentennial Day took place in May. Grade school students portrayed Betsy Ross and Uncle Sam, and sang various songs from the Revolutionary Period. The presentation was received enthusiastically by many members of the community.

# Bicentennial Variety Show

On May 14, 1976 the Senior Class and Student Council sponsored a variety show. Being substituted for the traditional talent show, the variety show talent consisted of students, faculty members, and bicentennial organizations. The show was entitled "A Salute to American Music" and gave a summary of the 200 years of American music.

Tunes dating from pre-Revolutionary times through the 1970 rock era were celebrated in a festival of song, dance, and instrumental virtuosity. Those who performed had a great time. The audience also joined the performers for the stirring finale, Kate Smith's "God Bless America."



# track and field day.

# Track And Field Day

Once again Slatington students looked forward to Track and Field Day--a time to discover which class was supreme and a chance for every student to get out of school. Some were anxious to compete; others were satisfied to cheer them on; and many were just interested in skipping school. Over one-fourth of the student body was absent, including about 70 participants, but the few hundred students who did attend as spectators and the few dozen who actually participated really enjoyed themselves. The seniors surprised a lot of people with their performance and finished the day with the highest total of points. Although these few students did enjoy field day, the majority did not care; and because of these students who did not bother to attend, Track and Field Day will never be held again.

# 500 MILES

When asked to run the mile in gym class, a series of unanxious groans can be heard. However, just imagine running 500 miles!

While you were lounging by the pool during the hot summer months, did you happen to see a fleet-footed object fly by you? Don't be alarmed, it was only Swarz, Lauchnor, or Gades. These three runners travelled a proud 500 miles last summer by means of foot.

Our boys received a special honor at the all-sports banquet on June 1, 1976 and we're proud of you: Mark, Larry, and Tony. Keep truckin'!

And the cafeteria workers
for nourishment every day.

The school would gradually molder
if custodians were not here,

There's one person who's paramount

1. Miss Terri Jacobs, Phys. Ed. teacher, came to Slatington because she felt that the "rural environment" would be much more enjoyable and rewarding. She enjoys music, reading and the theater. Gemini.

2. When not cutting up worms, in his Biology class, Mr. Dave Papay might be found digging for them to supply bait for his next fishing trip. Along with his fishing, he is an amateur landscaper. Pisces.

3. Mr. James Waite, Gym teacher and track coach at SHS, enjoys water skiing, basketball, and deep sea fishing. Mr. Waite plays an active part on Muhlenberg's football coaching staff. Sagittarius.

4. As the Experimental Science and Physics teacher, Mr. Bruce Smith, a philisopher at heart, wishes that he could encourage each individual student that he meets "to involve himself with his own true purpose in life." Sagittarius.

5. Mr. Ronald Borger, our mad scientist, spends his leisure time gardening, cycling, or skiing, depending on the season. Libra.

# Teachers—All Seeing, All Knowing, And All Powerful

"Nothing exists nor happens in the visible sky that is not sensed in some hidden moment by the faculties of earth and nature." Kepler.

What was true for Kepler may also be considered true by the students of SHS. A revised form of the above quote would definitely be accepted by most students.

"Nothing exists nor happens in the visible space of school that is not sensed in some big way by the faculties of Slatington." Yearbook.

Apart from the all-powerful, all-seeing, and all-knowing roll that teachers have been forced to accept, there are many situations that show teachers as real, friendly, helping human beings. Below are general traits for the sun signs of the zodiac. Check your favorite teacher's astrological aspect.

People born under the sign of ARIES are forceful, idealistic, honest, trustful, and impatient. He is born to lead.

Strong and steady are those born under the sign of TAURUS. He is a lover of luxury with a great potential for wealth.

GEMINI has a great nervous energy and a restless nature. He has a talent for language and is usually and excellent salesman.

Intelligent and attractive is VIRGO, the perfectionist. He is dependable, sincere, and a hater of vulgarity and sentiment.

SAGITTARIUS loves speed and is attracted by danger. He is open, cheerful, talkative and often restless. He is always loveable.

## . . . Teachers All Seeing-Continued

Kindly and tranquil is AQUARIUS. He possesses a gentle, offbeat, humor. He is always full of surprises, defying public opinion.

LEO, a born ruler, is a superb organizer and dislikes depending upon others. He is creative and strong, and he is a loyal friend and a powerful enemy.

Quiet, gentle and intuitive CANCER is dependable and the possessor of an excellent memory. He has a strong drive to help others.

Kindly, fair, and philisophical is LIBRA. He is a lover of people and a hater of crowds. He is also restless, intelligent, and pleasant natured.

The dreamer, PISCES, sees yesterday, today, and tomorrow as one. He seldom accumulates wealth but is a lover of music and art.

Poised, calm, and sure of himself, SCORPIO commands respect. He is intense, sincere, passionate, and tough.

CAPRICORN is calm, deliberate, and possesses a native toughness. He is a respector of authority and tradition.

1. Although Mrs. Edith Roeder is the Senior Class advisor, she is also actively involved as advisor for SLATE, "TV School of the Week," and "TV Scholastic Scrimmage." Along with being a member of the Alpha Kappa Gamma, an international honorary teachers' association, she was selected as an outstanding secondary teacher for 1975. She teaches English Composition. Libra.

2. Mr. Frank Carazo, an Enrichment English teacher and the grandmaster at Chinese numbers, tells his students he is "rotten." This year Mr. Carazo is the new head baseball coach. Aquarius.

3. Mr. Richard Jones, Walnutport's "public enemy," has recently taken an interest in a new hobby, knitting. He has stated his intent "to get some steel wool and knit his wife a stove." Along with teaching English, Mr. Jones coaches the Girls Basketball team. Cancer.

4. Miss Nancy Haydt, one of the newest members of our faculty, enjoys golf, music, reading, and skiing on her leisure time. As an English teacher, she has also volunteered her services to the junior class and to the yearbook as Literary Advisor. Capricorn.

5. Miss Rita Williams, former cheerleader advisor, attracts the troubled students and helps them resolve their problems. She teaches English to underclassmen. Scorpio.

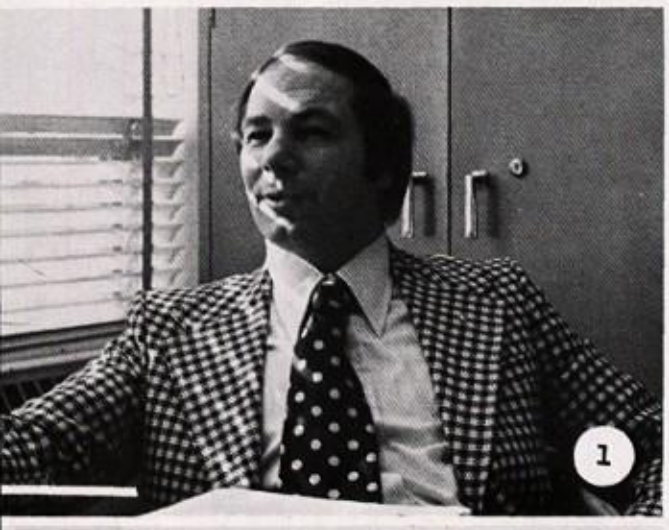
3. Mrs. Bernice Hicks can often be seen at football games in the refreshment stand. During school she can be found teaching German and French to her language students. Libra

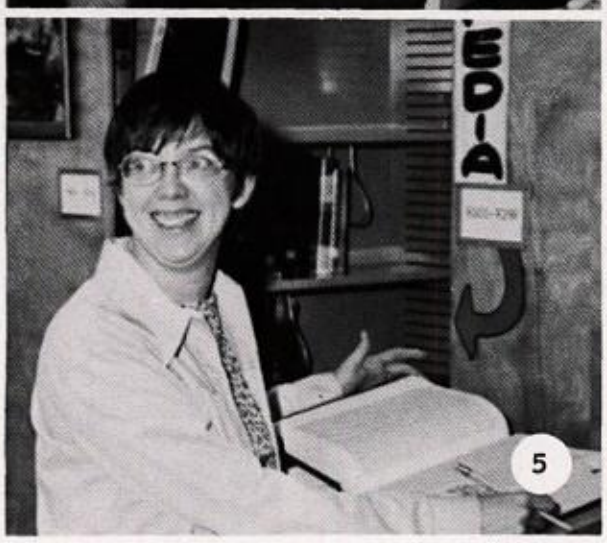
4. During the summer, Mr. Dennis Hock manages the Blue Mountain baseball team in Lehigh Township. Here at SHS he teaches metal shop. Hunting and motorcycling are his hobbies. Capricorn.

5. Leaving the northeast corner of the state was a step in personal growth for Miss Sharon Gardner, the new Driver Training instructor. Learning to cook balanced meals, hunting for "oldies" at auctions, square dancing, and jogging have helped her assert her independence. Aquarius.

6. Mr. Frank Trettel "liked the community and especially the students and people who made him feel welcome," this is why he has taught wood shop at SHS for so many years. He enjoys bowling, fishing, wood carving, and oil painting. Taurus.

7. Besides occasionally performing a snow dance in the faculty room, Miss Sara Miller sweetens her German and Latin students with chocolates. Aries.





1. Beginning in May, Mr. Charles Canning will be Editor of Knight Templar Magazine for Pennsylvania. He is the advisor for the Allentown Chapter of The Order of DeMolay. Virgo.

2. Mrs. Dixie Gross, our new guidance counselor enjoys yoga, sewing, cooking, gardening, and playing piano during her time away from school. Sagittarius.

3. Mrs. Violet Jones, our school nurse is the grapplers' score-keeper. She is an avid sewer and also enjoys gardening and reading. Aquarius.

4. Because he "hated to get away from working with the faculty and students," Larry Williams enjoys his job as Library Assistant. Larry also helps at all sporting events. Students will remember him most for his friendly dialogue: "Alright back in the corner." Pisces

5. Mrs. Rinehart, our Librarian, enjoys skiing, sewing, and knitting after school hours. The 1974-75 school year was her first year at SHS. Libra

## . . . The Kids Were Great!

Every year the students of Slatington High School anxiously await the names and faces of new teachers. In turn, these newcomers must undergo vigorous examination. The attractive are quickly separated from the unattractive as well as the easygoing from the strict. As the year wears on, however, students find their first impressions changeable.

Along with the students first comments came the six, new teachers first feelings. Mr. Ing. felt, "The kids were great," and Miss Gardner thought "they seemed to be well-mannered." Their first statements, too, were subject to change.

Many pupils fail to realize the difficulty of teaching, especially straight out of college. It is a change from one of absorbing information to one of expressing information. These new instructors are actually students themselves, attempting to fit into a new program of learning.

# Hectic Year For . . .

# . . . School Board

Governing over the school district, the school board has many duties and responsibilities. The members of the board work together on such problems as hiring teachers, accepting senior class trips, negotiating teacher contracts, and making sure the school system runs effectively and efficiently.

This school year was rather hectic for our board. The decision to continue the senior class trip after last year's controversy concerning drinking by students was important not only to this year's senior class parents, advisors, and administrators, but also to the classes of the future.

Negotiating a teachers' contract and preventing a possible teacher strike consumed much of the members' time and energy. For nearly six months the teachers were working without a contract as the slow process of negotiations continued. Tempers flared and accusations abounded as the community, the board, and the teachers sought an agreeable solution to many heated issues.

In addition to trying to resolve crisis situations, the school board must satisfy administrators, teachers, taxpayers, and students. A school board member truly has a thankless job!

# A Decent Meal . . .

## . . . For 40¢

What area at SHS do students comment about most? If you guessed that it is the cafeteria food, you are absolutely correct.

On a scale from 1 to 5 the students rated the cafeteria and here are the results: two rate the cafeteria at 0, seventeen at 1, and fourteen at 2, eleven at 3, and two at 5. Other questions asked the students were, what are the best and worst meals the cafeteria makes? Pizza was the favorite meal followed by chicken, sausage, potato chips, and turkey dinners. The worst meal was ham salad sandwich; however, toasted grease sandwiches, sauerkraut, potpie, and hot dogs followed closely behind.

"My first bite is always a surprise," "I'd rather bring my own," "I'd rather pay a dollar and get something decent. "and" I think it's a decent meal for 40¢," show a few reactions students have toward the cafeteria food.

Most people do not realize how difficult it is to feed 600 students adequately and stay within a limited budget.

When the SHS cooks were asked to comment on the cafeteria they revealed the following statements: "We are doing the best we can with what we have to work with and the time we have in which to prepare the meals. Furthermore-we would like it to be known that we do enjoy being public servants and we still think that teenagers are the greatest."

## Early Rising . . .

## . . . Late Leaving

The unsung hero award of SHS must be awarded to the custodians and bus drivers. By quietly going about their work they enable the school to operate efficiently and effectively.

Safe driving, early rising and late leaving are phrases that describe our heroes. We have never had a fatal accident while transporting students to and from school. Statistically speaking this spotless record is outstanding. When most of us are slowly walking, our school personnel have begun to open rooms, check thermostats and clear sidewalks from ice or snow. If one were to spend any time in the building after school hours, one would find a full crew of custodians cleaning up after our messes.

The students of SHS salute all of the professional employees on a job well done.

Other interesting responses were "communication," "commanding someone," "thinking," "in memory of," or "contributed."

How would you describe the sophomores? We think they are obstreperous. Obstreperous means uncontrollably noisy or unruly. The sophomores, however, gave their ideas about this word. Suggestions are "something that obstructs," a "sore throat," "optical illusions," or an "obscene stripper."

Judging from the last idea, we can see what is on one sophomore's mind.

Are you a dipsomaniac or do you know anyone who is? When juniors were asked if they knew what a dipsomaniac was, they gave the following reactions. A dipsomaniac is a "fool," a "wacky person", a "nut", "dippy", "weird", or "stupid". There was one very original idea and that was "a dipsomaniac is a person who is afraid of submersion in water."

After consulting Webster, the actual definition of a dipsomaniac is a person who has a craving for alcholic liquor which is something FAR from thejunior class minds.

Spirit's a vitality
for the sake of self-esteem
Even when there's losses
one shan't lose faith in their team.

Sports of every nature
make a school much more complete,
whether beaming with great victories
or grieving o'er defeat.

Both the teachers and the students
along with previous high school grads
are joined in common interests
supporting teams—the "goods" and "bads."

Pride is always obvious

Let us celebrate our spirit
that is, the Spirit of '76!

# GIRLS SHOW EFFORT

Exciting! Fast Moving! Challenging! What's the new sport at SHS that everyone is talking about? Girls' field hockey of course! Hard practices, and bruised bodies are clearly remembered by the members of the team. The girls, however, were never discouraged after a defeat; they just came back to try even harder the next game.

Coach Kistler always kept their spirits up, even though the varsity record at the end of the season was 0-7, and the JV record was only 1-6. Talk about determination, most of the girls played both Varsity and JV games back to back.

There was only one girl who succeeded in scoring a point. Suzy Jones, a freshman, scored two points in varsity action. Meanwhile, senior Vicky Kemmerer scored two in the JV matches.

Of course there is nothing as grand as being League Champions, but they were Champs in their own minds by working and never giving in to a sport which was completely new to them.

# SOMETIMES YOU EAT THE BEAR...

Lead by their fearless captain, Tony Gades, the 1975 Cross Country Team finished with one of its best seasons, taking second place in the Centennial League and having an overall 12 and 2 record. Coach Rissmiller's runners not only set a record by beating Lehighton for the first time in high school history, but also showed their determination by conquering the Indian runners twice during the season by only one point.

Spectators commented that the "team was so exciting," they "couldn't miss a meet." Un-

fortunately many people did miss the cross country team's fine performances, especially their super showing in the East Stroudsburg meet where seven Bulldog runners tied for first place honors. Coach Rissmiller explains his few defeats by saying, "Sometimes you eat the bear, sometimes the bear eats you."

The year was completed with the team's participation in district competition, where they place fifth; however, next year's experienced team promises an even more successful season.

One team member summed up their victorious season with the remark, "When the cream came to the top, we were there." Gaining recognition for Slatington High school, a girls' cross country team of five members competed in districts and copped first place. The team, consisting of Vicky Kemmerer, Susan Jones, Jenny Jones, Louise Koran and Maria Gades, then traveled to Penn State where they participated in state competition.

# YOUNG BULLDOGS FIRE UP

Although the Freshman tried their best to win, they had a season of no wins and six losses. As the season continued the team spirit diminished with a total of 12 members remaining with the team. As the team grows in size and spirit, the JV team of 1976 might be able to put their losses behind them and come out with a winning season.

Fighting their way to a 4-2 Centennial League record, the JV team had a 7-3 overall season. The offense was lead by the strong arm of Ron Breiner.

Although they had a successful season, the boys did lose 2 league games. One JV team member remarked, "we probably would have taken the championship if it wouldn't have been for the split practices."

When asked about the sophomores practicing with the Varsity, one coach replied "our sophomore squad was the Varsity."

The overall talent and ability of these players forcasts a very interesting year for the Varsity Bulldog Team of 1976.

# IT'S NOT THE SIZE OF THE DOG IN

This years record of 2-7-1 was not a true indication of the potential of the SHS Bulldog football team which in the coaches' opinion, "should have been .500". The Bulldogs were plagued by bad breaks, mistakes and injuries. Co-capt. Bob Harwi said at the end of the season that, "with a couple of breaks our way, we could have turned it right around."

Because of a lack of experience and physical size at most positions, the Bulldogs were not physically or mentally ready to work as a team. When Coach Snell was asked about the season he said, "If the season proved one thing to us, it was that we can not win with only individual efforts; but, we must have a total team effort to be successful."

Reflecting he said: "I just wish our season could have been more successful to give to those seniors, who played their hearts out and gave 100%, the reward they so deserved."

This was a rebuilding year for the football program. Many underclassmen received a chance to play and gained valuable experience. Coach Snell said that, "as the season progressed our loyalty to others on the team grew and we developed a sense of pride; and the end of the season brought an awareness of the potential of future football teams." Jeff Frantz noted that "We got a good thing started this year, I wish I could be back to play next year", and you can be sure the twelve other seniors feel the same way.

One word could sum up the JV Bulldog basketball team this year, and that is talent. Since most of the team had a chance for a start-position, Coach Posegay remarked in the beginning of the season that each boy, being pushed by the other talented players, would keep improving. That's just what they did, for these Bulldogs performed greatly their record, 13-9 doesn't seem too outstanding, the JV team always played their finest and managed to have many, thrilling close games, in fact, two of their games were lost by only 1 point.

Slatington is very proud of this young team and especially hopeful about the promising outlooks for the future varsity teams.

# DRIBBLING THROUGH THE SEASON

The Bulldog cagers had high hopes of being contenders in the first Centennial League basketball season. A lack of height, however, put an end to their contention hopes.

The Bulldogs were plagued with inconsistant play and finished with a 5-17 record. Many games saw the Cagers play two good quarters and two horrendous quarters.

The team consisted of seven seniors, four juniors, and one sophomore. The underclassmen received a considerable amount of game experience and should form a good nucleus for next year.

All season long the fans were fortunate to see the outstanding play of senior guard Gary DeLong. Gary was the league's third leading scorer.

# YOU'VE COME A LONG WAY BABY!

The varsity record of 12-9 was summed up by Coach Jones as a "Successful year considering the size and experience we had to work with." Since height was against them, their determination and hustle on defense broke the key to the girl's success. Joking about this height disadvantage, Coach Jones labeled the team as the "Eleven Dwarfs." This joke backfired when it was remarked that Mr. Jones must be Snow White.

The team will always remember the "shooting teams," suicides, long bus rides home, Welsh's enactment of "Chantilly Lace," the surprise party, and especially Coach Jones.

Under the direction of Coach Kistler the JV girls also finsished with a -2-9 record, the first winning season.

# GET DOWN TONIGHT

This year Coach Ron Sadler was assisted by Richard Bentz, who did an "outstanding job for the whole program." He was more than just a JV coach according to Sadler. Bentz, conceded that he enjoyed working with the eager wrestlers and the wrestlers in turn responded to his enthusiasm. Their combined efforts brought the record to 7-7.

The Bulldog wrestlers terminated their season with a record of 3-11, nevertheless, Coach Sadler finds a "good nucleus of returning lettermen for next year's team that show promise."

Competing in the First Annual Wrestling Tournament for the Centennial League, our grapplers gave a convincing show for potential in next year's season with Dave Kern taking 2nd place and Bobby Kuntz receiving 4th in the final rounds. Dave Kern, also placed 3rd in District VI Championships. Kuntz, along with Charles Cunfer, showed the most improvement for the year.

# PLAY BALL!

Another new sport was brought to SHS in the spring of 1976. Appearing on the scene with the Varsity and JV vaseball teams was the newcomer to our varsity sports roster, softball. The girls were furnished with brand new uniforms and much equipment to start the season right. The early season practice weather meant only bad news and confusion to the team; however, Coach Donna Kistler did her best to get her small band of girls in shape for the first game with Northwestern by holding practices in the Elementary School Gym.

The entire softball team could often be seen taking laps around the gym floor or doing their favorite calisthenics. Although the team suffered defeat by the hands of the Northwestern Tigers in their first game, they soon pulled it together and came back with a few wins. The ability was certainly there, but they had not played together long enough to have the kind of teamwork that is necessary. Winning enough to remain in the middle of the standings, the first half of the season revealed their best effort. However, the entire season will bring back fond memories of the food at away games, the rush for seats on the bus, the stories, the highs and lows, and all the fun of high school competition.

The male athletes finished the season with a satisfying 4-6 slate, and they could boast of fine performances in almost every event. Often, in the sprint events the top 3 Bulldog runners would be competing among themselves. Certain boys also stood out in each of the distance races, and the field events produced some outstanding personnel, too. something. Just lasting through the entire season, and enduring the rough practices in either bitter cold and very hot weather was a feat in itself.

At the end of the season the boys competed in their League Meet and the District 11 Meet, and practically everyone who entered these meets did excellently. In fact, Dave Kern, S.H.S.'s pole vault record holder, traveled to Shippensburg to the State Meet after finishing second in Districts. Since the team is young, and most of the members will be back again, next year's prospects look good.

Experiencing their second full year of track competition, the girls' team endured the same treatment as their male counterparts. Although their season was not as impressive as the year before, the team had to work even harder; for they were much smaller in number because of the other spring sport, softball, which was introduced this

# FULL COUNT

The Bulldog baseball team went through what Coach Carazo termed, "a rather disappointing season," finishing with an overall record of 6 wins and 11 losses while going 6-10 in the first year of the newly formed Centennial League. The Bulldogs started quickly at one time sporting a 3-1 record. Then, the temporary loss of two starting pitchers, defensive lapses, and inability to hit in the clutch caught up with them, and they finished the first half at 3-5. The diamond men duplicated that record in the second half despite a meager team batting average of .212.

Several bright spots did occur, however. Dale Lakatosh's one-hitter and Rich Smith's team leading .371 batting average were the season's more outstanding highlights.

With the return of seven starters, Coach Carazo hopes the Bulldogs will be in the thick of things when next season's race comes to its conclusion.

SEASON RECORD 5-9

# "BATTER UP"

Despite an almost total lack of experienced pitchers, the JV Bulldogs completed a somewhat successful 5-9 season in Coach Larry Parry's first year at the helm. After dropping their first five games the JV's, having gained some much needed confidence, came back to win five of their last nine. Ron Breiner and Tom Evans supplied most of the Bulldog's offensive punch while Scott Hunsicker's fluttering knuckleball baffled many an opponent.

In what the JV's considered something of a "laughter," the faculty softball team completely dominated the JV contigent in a 13-6 rout. Displaying awesome pitching by Mr. Fennell and Mr. Smith and an almost flawless defense, the faculty thwarted almost every effort on the part of the JV nine. Comments were, "they (the teachers) are just too damn good for us."

# ATHELETES HONORED

An arch without a keystone
would be left without a bind
just as our school would crumble
without leisure for the mind.

Interests can be founded
while one sings or writes or draws
and shoulders are not burdened
when they find some minor flaws.

The keystones in our high school
are the clubs and the electives
granting students of all classes
membership in some selectives.

So "Hats off" to our minors
and to every organization.
Let us honor them with spirit
in a blissful celebration!

With drums rolling and trumpets blaring, the Bulldog Band marched its way through a successful season. Emphasizing a Bicentennial theme, the football half time show included difficult maneuvers such as a simulated battle between the American and British armies. Spectators remarked that "it was the best show the band has ever performed," and one student noted that although the unit was small in size, "their spirit was really big." The band was important as a spirit-builder and one football player stated "the band helped to get the players physched up for the games."

Both members and spectators saw a 200% improvment in the band front this year. Seemingly endless rehearsals paid off when the hard-working girls displayed their talents. Although many enjoyed the critically judged competitions, some felt that the strict, precision practicing "took all the funt out of being on the squad."

The band also marched in Halloween and Bicentennial parades and numerous competitions. A trip to Gettysburg for a special Band Day completed the season. Geoege Fennell commented, "I've seen an improvement in innate talent enthusiasm, and cooperation."

Going to cheering camp, painting the press box, and having hard practices were just some of the summer activities of our cheerleaders. Most of the new cheers you saw this year were taught to the girls at Lehigh University Campus over the summer. The girls spent an exciting week of fun learning and hard work in order to improve the 1975-76 squad. They not only improved in their cheering skills, but also added a boost of spirit and pride to everything they did. The girls revealed their team pride by painting the press box to say, "home of the Bulldogs" and they practiced long hours to institute this pride.

One of the most exciting things the girls look forward to at the end of the year is the Lehigh Valley Cheering Competition. They must start practice many weeks in advance in order to have a perfect one-minute cheer for the strict judging. The competition is always held at the school of the first place winning squad from the previous year. This year it was held at Northweatern High School. The girls struggled to the final round where they ended with a fourth place prize.

"Sit up. Feet flat on the floor. Ready? Sing!" With these words George Fennell began another chorus rehearsal. The choir presented the annual Christmas Concert, the Spring Concert, and the baccalaureate and commencement ceremonies. The audience at the Christmas Concert enjoyed "a nice variety of religious and secular music." Although some were "disappointed that there were no class skits." An excellent rendition of the play, A CHRISTMAS CAROL, served as a satisfactory replacement. The Spring Concert included a medley of songs by the Carpenters, "Brian's Song," and selections from "Godspell."

Other musical activities offered by Mr. Fennell were a theory class, an orchestra, and "The Other Half", (a small singing group comprised of some of the best voices in the chorus.) One chorus member remarked that "we need more male voices;" nevertheless, the overall sound was one of clarity and quality.

When Mrs. Roeder surrended her coachmanshipping of the debate team to Mr. David Ingmundson, the debaters experienced a completely new style of debating.

Debate was a learning experience for all including the teacher, who had never been involved with a debate team. Coach Ing. admits now that he learned "at least as much as anyone else on the team."

Each year the team debates on two topics. This year the first resolution was on the energy crisis, and the second involved de tente with the Soviet Union--both common topics of discussion today.

The team's record for the year was 15 wins and 17 losses. It was difficult, but learning was alot more enjoyable, because the whole team had to grow together. The biggest challenge, Coach Ing. recalls, was getting all the members together for a single meeting.

Every member of the Slate Staff was a beginner, but still the staff turned out several of the newspaper's best editions.

Because of their inexperience, every month the editors changed hands so that everyone would have a chance at editing the slate. This caused slight problems, but for the most part it was beneficial in providing each issue with a new outlook.

Student Council is a hard-working group of students devoting much time and effort to a worthy cause.

Changing tradition of the induction ceremony of the Nat'l Honor Society, the previously elected seniors performed a small skit based on a court room trial.

Each member of the Society is elected on their merits of leadership of fellow classmates, finest character, maintaining an average of 3.0, and being a service to your school, community and classmates.

Lead by their new advisor, Mr. Bruce Smith, the 1976 yearbook staff worked all year long to create a unique yearbook. Changing the size of the book and adding more type, they produced a book of memories of their last year.

Along with creating the yearbook, the staff organized a square dance, sponsored several movies, and set up a stand at the Spring Festival to raise money.

Those in charge included Karen Hoppes and Sharon Greiss as co-editors-in-chief and photo and copy editors respectively. Other editors were Kim Krupa, layout; Sue Burckhart, sales and typing; Deb Stephens and Vicky Kemmerer, literary; Steve Trollinger and Beth Kern, index; Tom Horner, business; Ed Bechtel, Ricky Meckes, and Rosi Wanamaker, advertising; Cindy Young and Dave Morgan, headlines.

Click, Flash, Crank, Bzzzz (electronic whistle)!! Photo clubbers capture the mood of the event. A good picture involves forethought, patience, courage and luck. Most of the luck depends on whether the people being photographed are aware that their picture is being taken.

A good photographer must anticipate the action andhave enough patience to click the shutter at the proper time. Sometimes these conditions can be met only by being in front of a lot of people or where the action is. The yearbook staff appreciates the efforts of the Photo Club for the pictures presented in this book.

# MEMORY MAKERS UNITE!

# THANKS TO A LADY FROM SOUTH BEND

Considering she never wished to become a teacher, Miss Sara Miller has made a great impression on the students of SHS for 22 years.

Born in South Bend, Indiana, Miss Miller is a daughter of a construction worker and former Slatingtonian. She returned later to Slatington and attended SHS. She then attended Wilson College where she attained her B.A. in German.

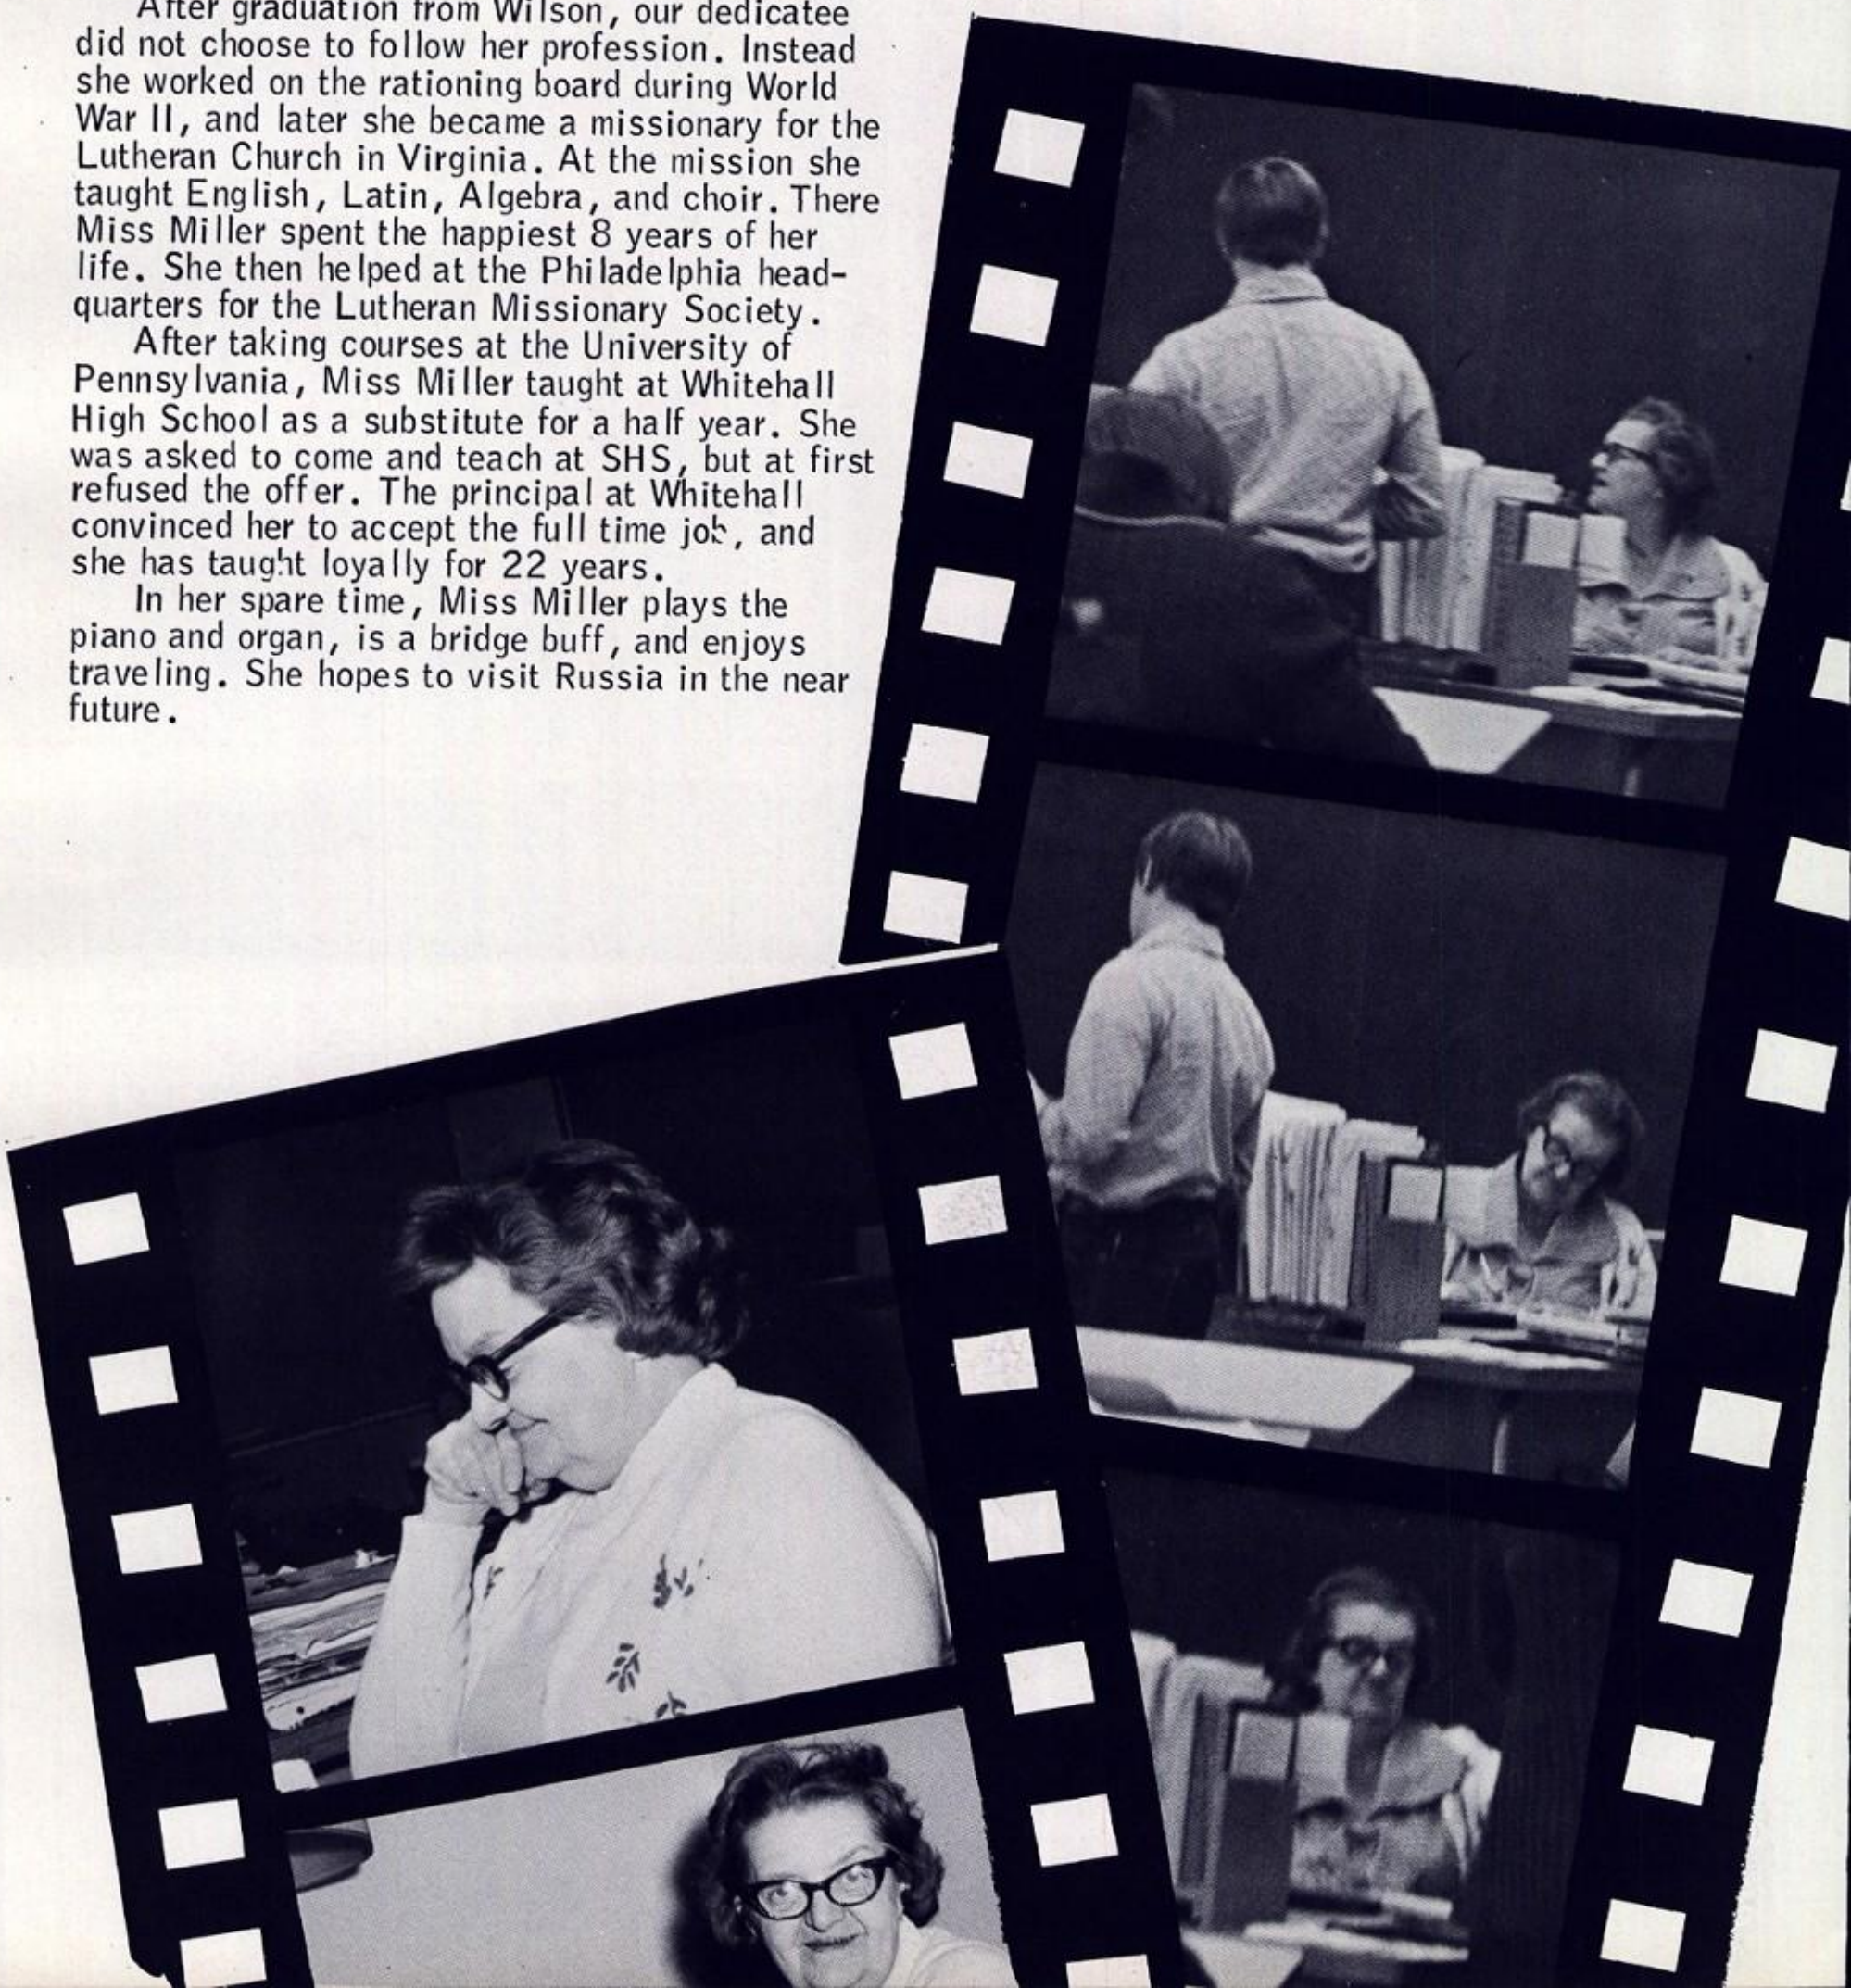
After graduation from Wilson, our dedicatee did not choose to follow her profession. Instead she worked on the rationing board during World War II, and later she became a missionary for the Lutheran Church in Virginia. At the mission she taught English, Latin, Algebra, and choir. There Miss Miller spent the happiest 8 years of her life. She then helped at the Philadelphia headquarters for the Lutheran Missionary Society.

After taking courses at the University of Pennsylvania, Miss Miller taught at Whitehall High School as a substitute for a half year. She was asked to come and teach at SHS, but at first refused the offer. The principal at Whitehall convinced her to accept the full time job, and she has taught loyally for 22 years.

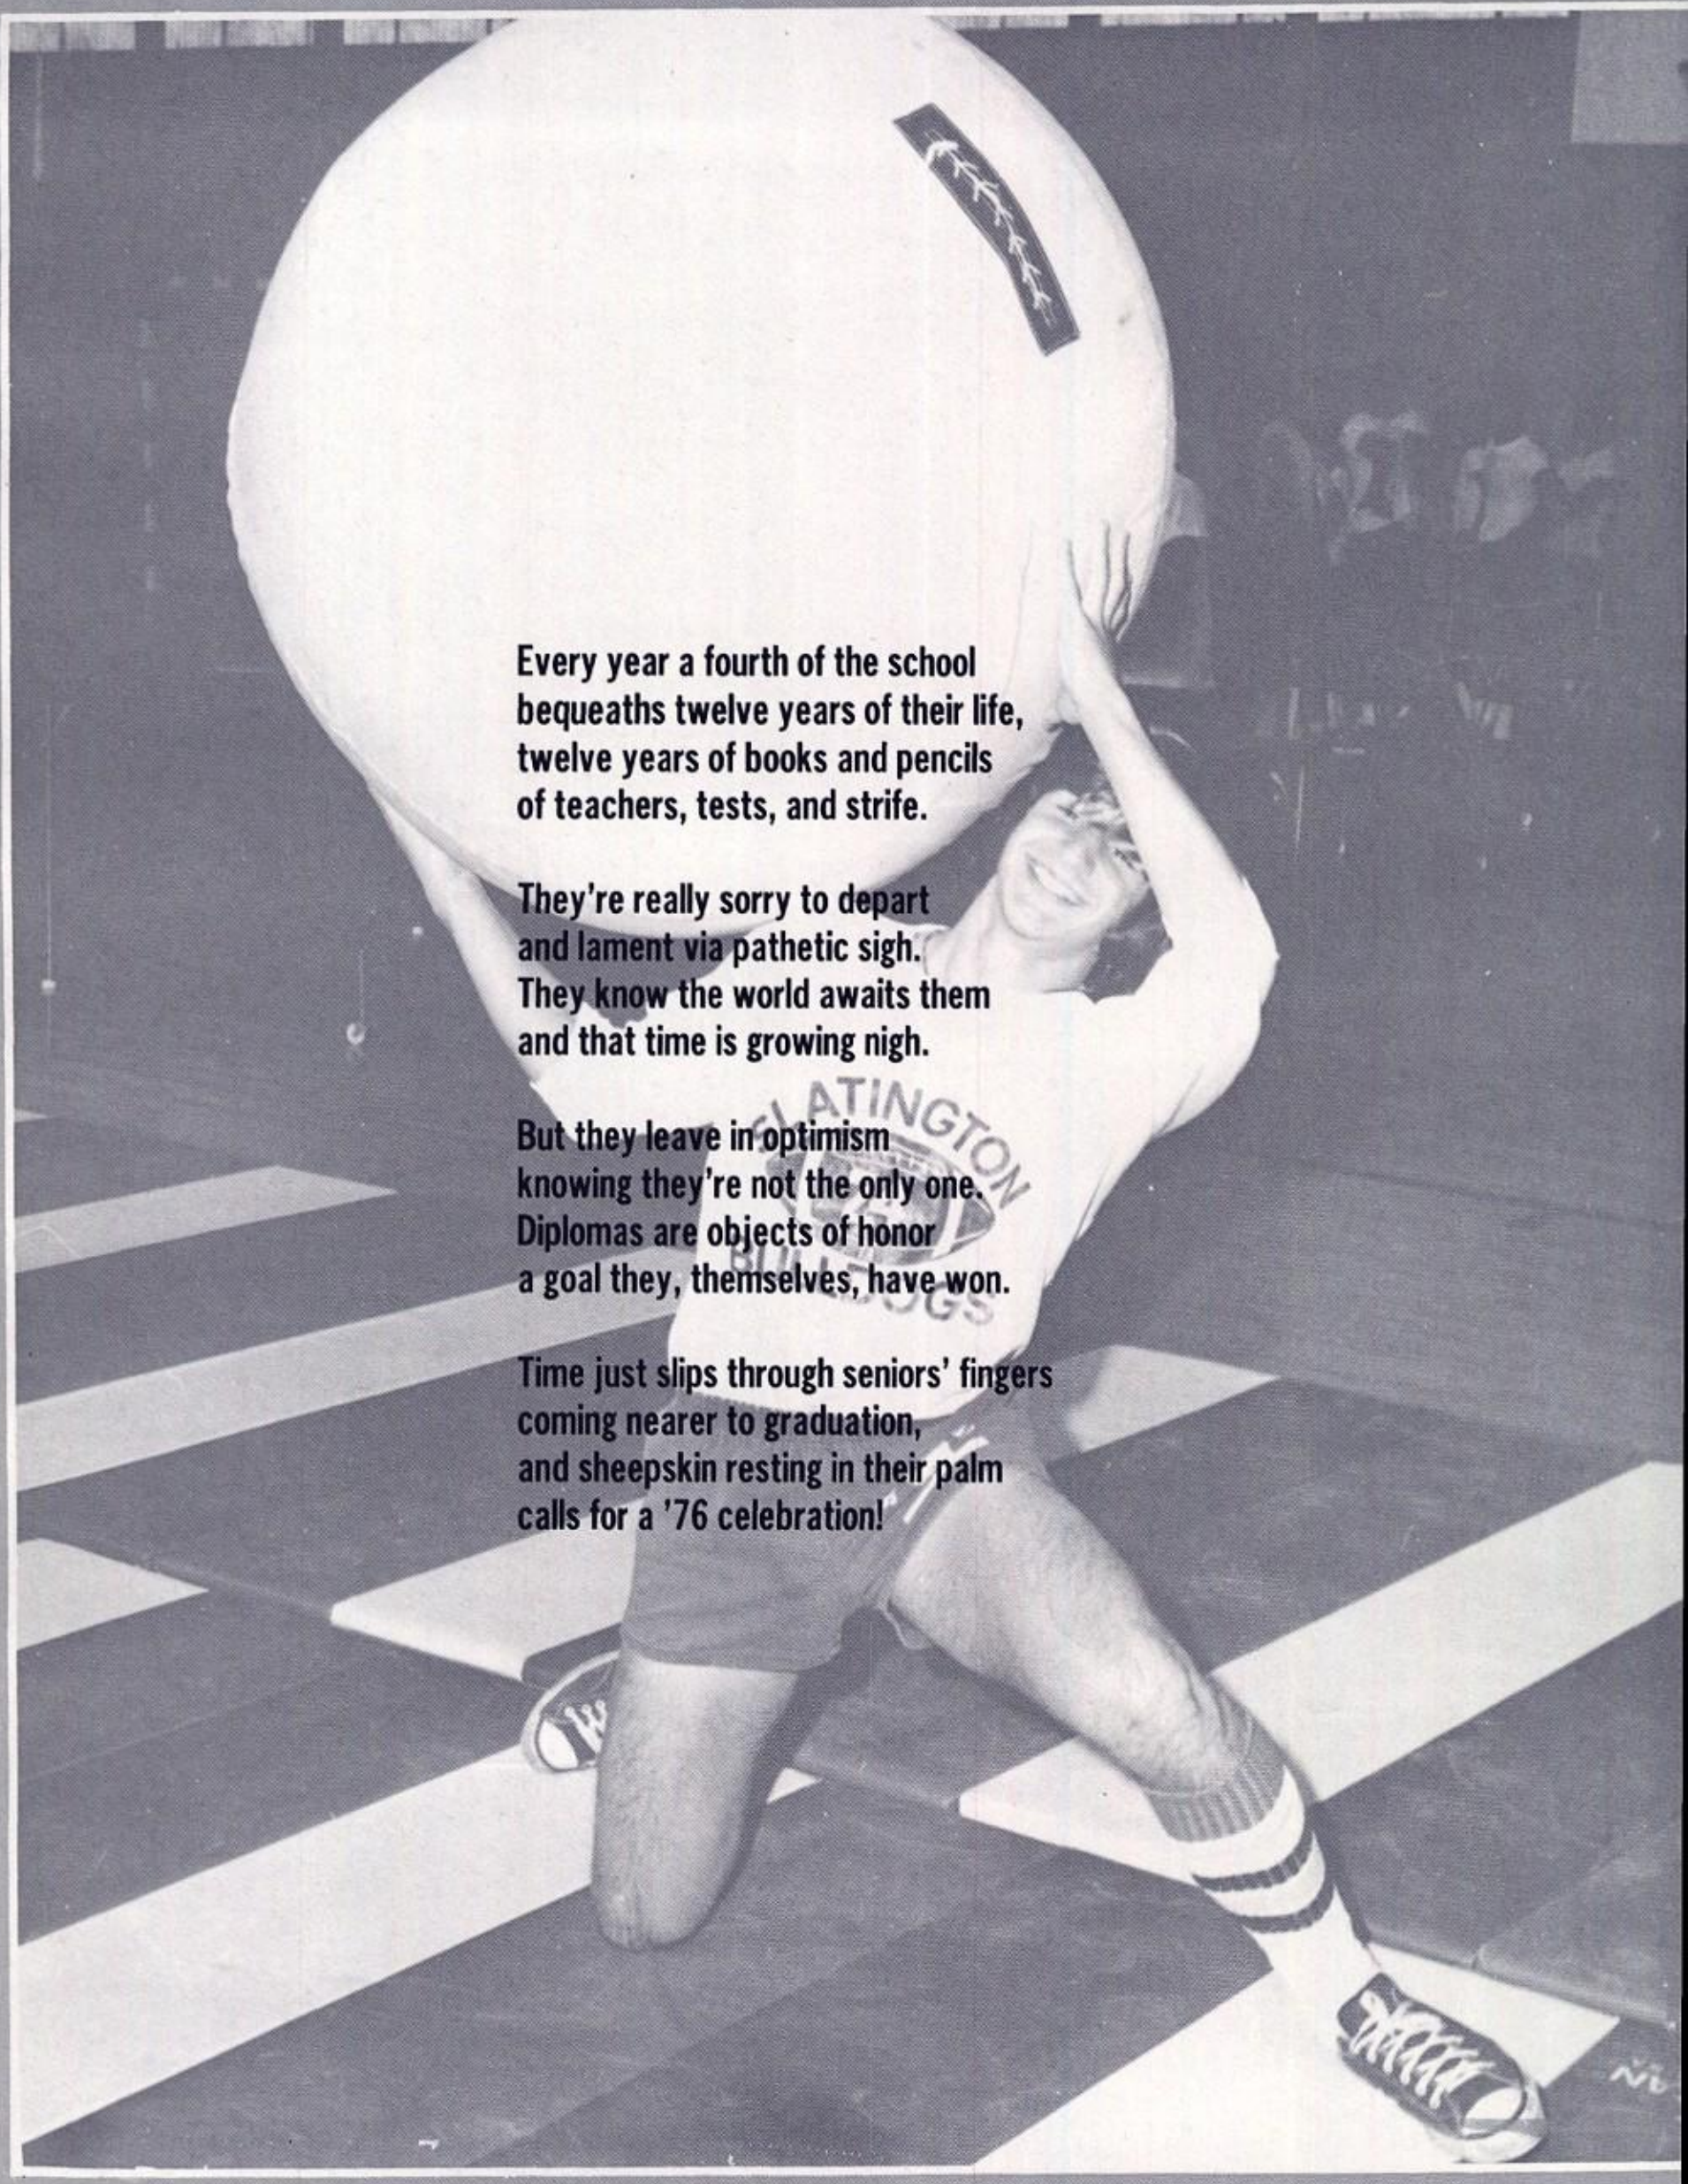
In her spare time, Miss Miller plays the piano and organ, is a bridge buff, and enjoys traveling. She hopes to visit Russia in the near future.

Miss Miller has always been a friend to her students; and if she had one wish, it would be to see a Merit Scholarship winner at SHS.

For her dedicated work to the yearbook staffs of the past 13 years, the graduating Class of 1976 is proud to honor Miss Sara Miller, an admired faculty member. We wish her continued happiness and success in the future.



# SENIOR ACTIVITIES PORTRAITS and SENIOR ACTIVITIES PORTRAITS



Every year a fourth of the school
bequeaths twelve years of their life,
twelve years of books and pencils
of teachers, tests, and strife.

They're really sorry to depart
and lament via pathetic sigh.
They know the world awaits them
and that time is growing nigh.

But they leave in optimism
knowing they're not the only one.
Diplomas are objects of honor
a goal they, themselves, have won.

Time just slips through seniors' fingers
coming nearer to graduation,
and sheepskin resting in their palm
calls for a '76 celebration!

As Freshman, the class of '76 opened activities by taking 2nd place with their first homecoming float. In February, the class held a rollerskating party at La Roses, followed by the St. Patricks Dance in March. Ending their Freshman year, the class of '76 set a freshman record of 71 pts. in the annual field day.

As Sophomores, they took third place with their homecoming float. February was the month for the Valentines Dance, while April was the month for a car wash. The class ended their sophomore activities with a third place finish in field day competition with 86 pts.

As Juniors, the class of '76 entered a float in the Homecoming Parade, but did not place. A movie night was sponsored in December. In March, the class held a three week candle sale. The Junior Prom was held in April. The class collected 80 pts. to finish second in the field day.

As Seniors, they placed second in the Homecoming Parade. Christmas sales were held in November and a hoagie sale in January. The class finished first in field day with 155 pts. On May 27-28 they traveled to Boston for their class trip. On June 6th Baccalaureate services were held and on June 7th at 7:00 the Class of '76 graduated.

## Memoriam

A loyal Bulldog fan, Doris Gogel struck the hearts of many as a "true friend". She participated in the high school chorus and could always be seen at various sporting events. Doris was not only active in school activitioes but also in community affairs. As a member of the Girl Scouts, she earned many badges. She was a regular church goer, and often attended church camp. At home, Doris enjoyed sewing, and she could be seen wearing her home sewn clothes to school. Doris was known to "always have time for others", and the 1976 Celebration Yearbook Staff would like to share our time and yours in the memory of our dear friend and student Doris Gogel.

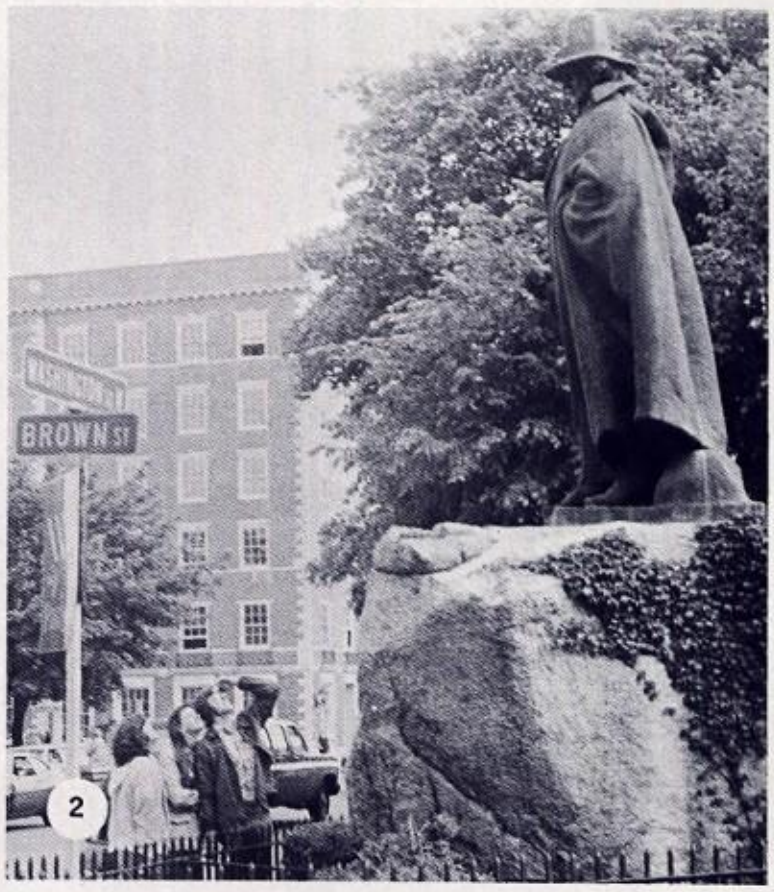
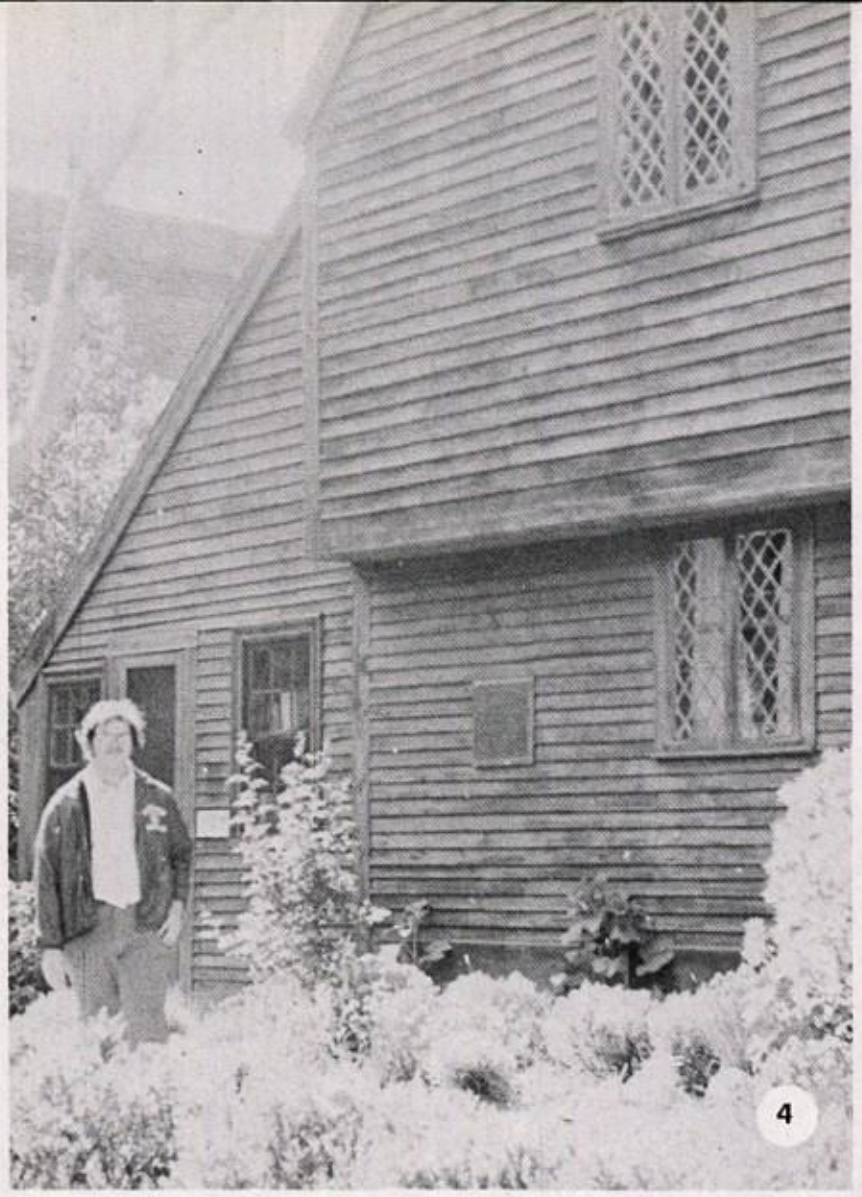
# SENIORS VISIT HISTORIC BOSTON



1. Now what's Jeff calling about? 2. Bob salutes Salem Statue.
3. Where's the bus driver? 4. Bernard enjoys Boston landmark.
5. Tony Gades and Chris Kaul provide the entertainment.
6. Mr. Snell relaxes after a long day. 7. The trip proved tiring for Jordy. 8. Ziggy stops traffic for his classmates.

# Class Trip



4

On May 27th at 5:00 a.m. an eager, but tired group of seniors waited to board three buses leading them on a two day trip to historic Boston. The highlights of the trip included a tour of the Salem Witch Museum and the Boston Freedom Trail. Contrary to previous class trips, the group's behavior was classified as "excellent." After midnight swimming, the seniors were confined to their quarters and very carefully "protected" by several body guards. It was a trip filled with laughter, picture taking, and endless memories.

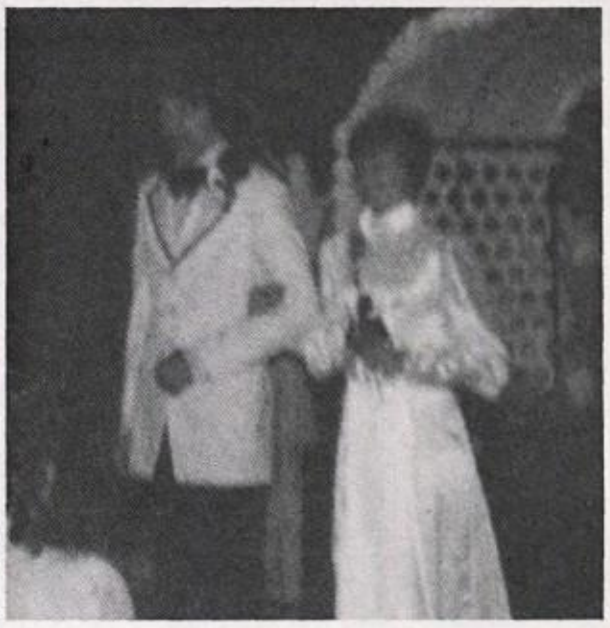
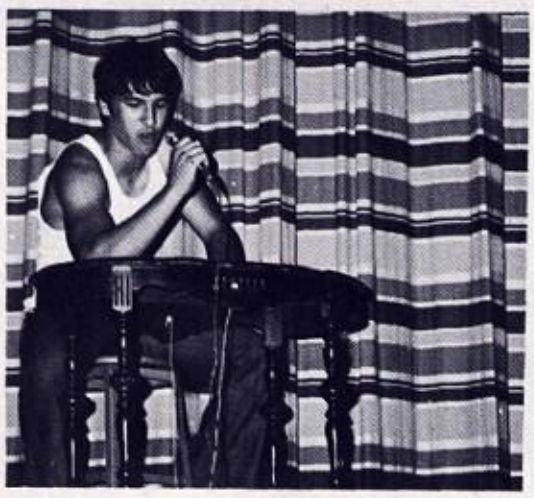
# '75 junior

The re-enactment of the 1975 Jr. Prom brought back many memories of that warm April night. The '76 class broke away from tradition by holding the annual activity at the Lehighton Legion. Dancing to the music of WHAM, the 12 member court held "Time in a Bottle" for four short hours. The height of the evening came at 9:00, when Judy Schneck was crowned queen. It was a memory the class of 76 will always remember.

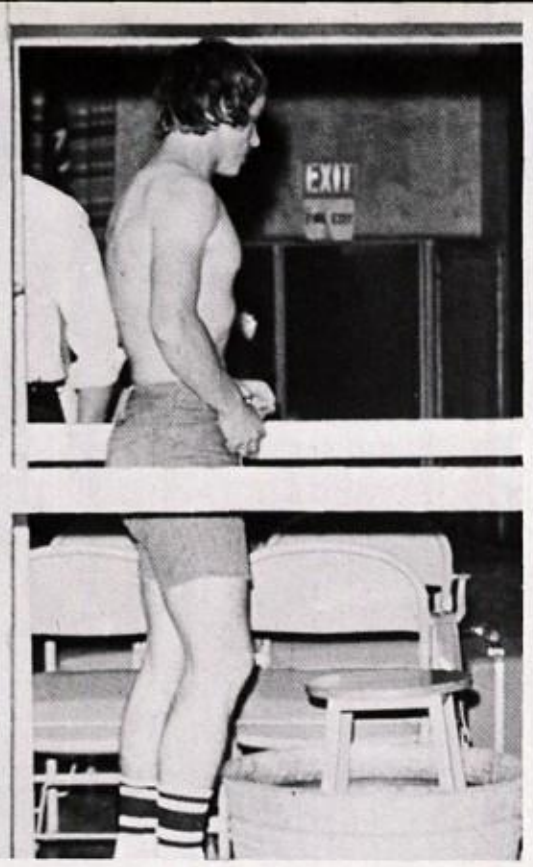


# prom court

# memorable senior day



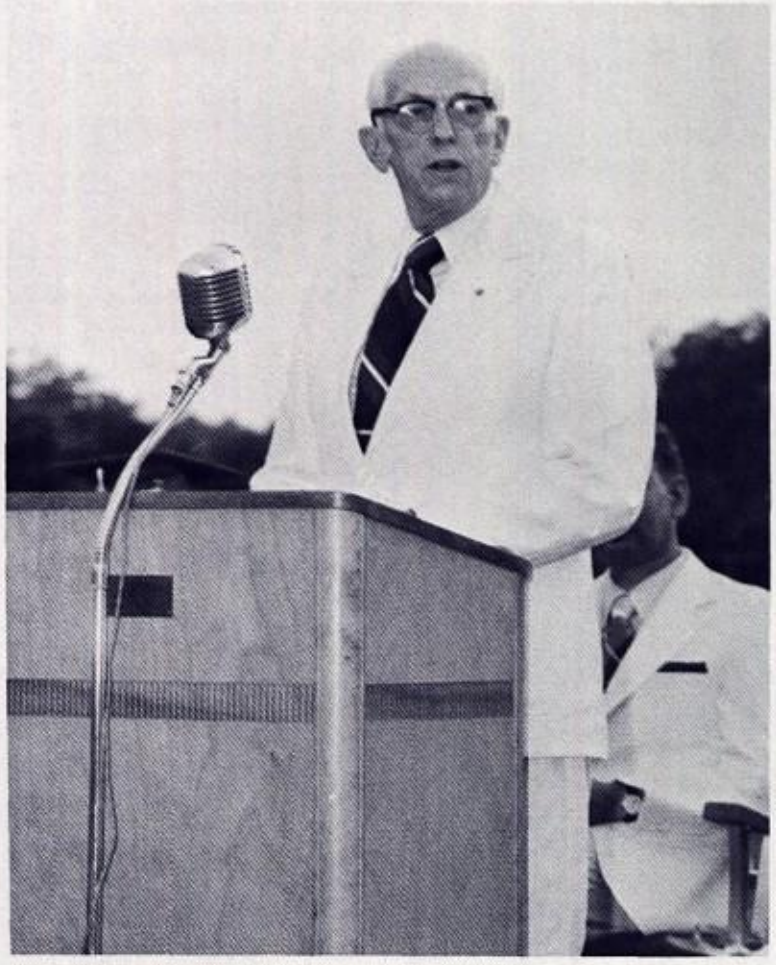
The Senior Class Day was a quite memorable one this year. Besides having the usual class favorites and last will and testament, the Seniors offered homemade entertainment. The class trip to Boston was re-enacted with a surprise ending; Rodney Fritzinger gave a version of the 6:00 news; and a song was dedicated to Muhammed Wally! Everyone had lots of reminiscing fun!

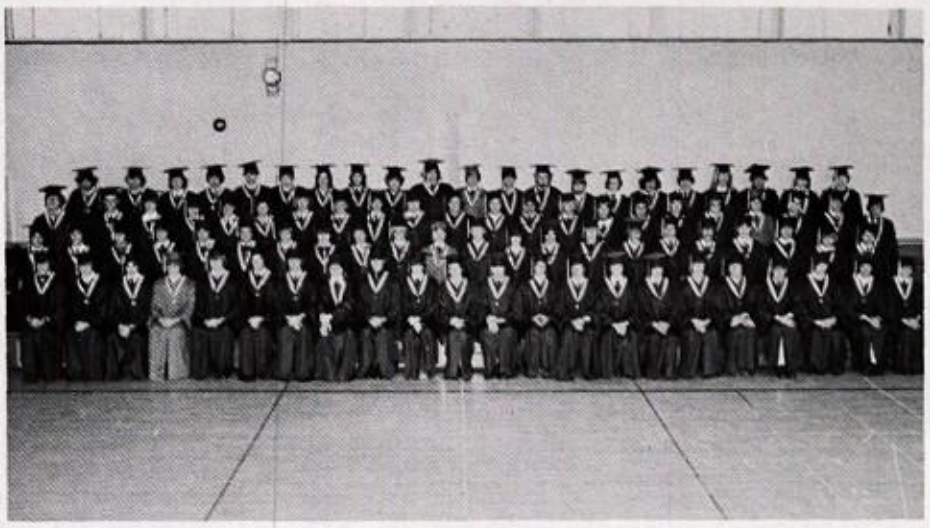


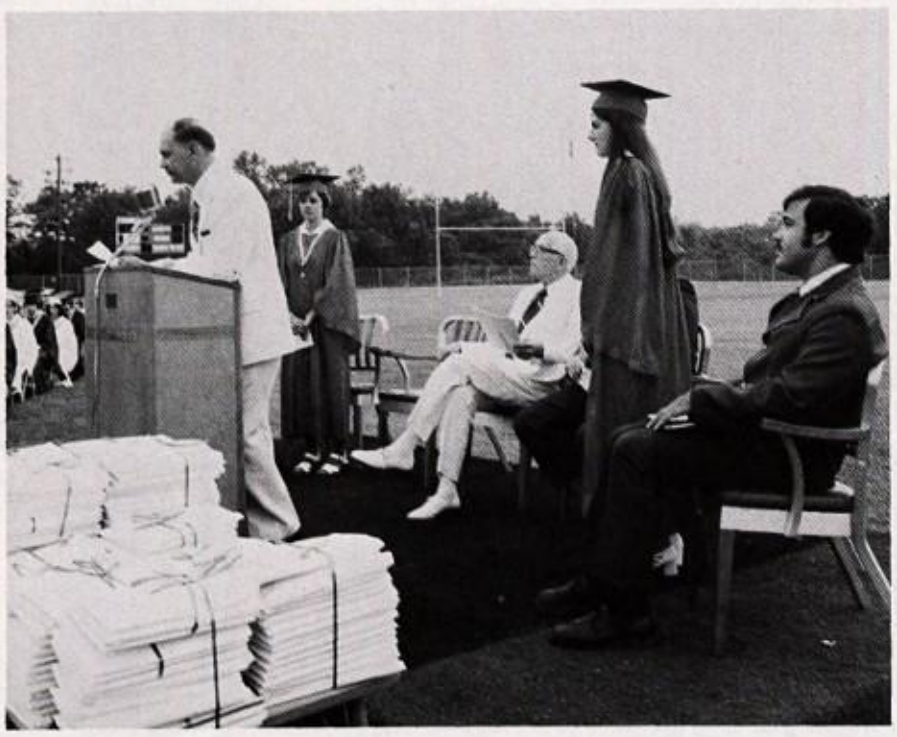
EXIT

# "FAREWELL SPEEDWELL"

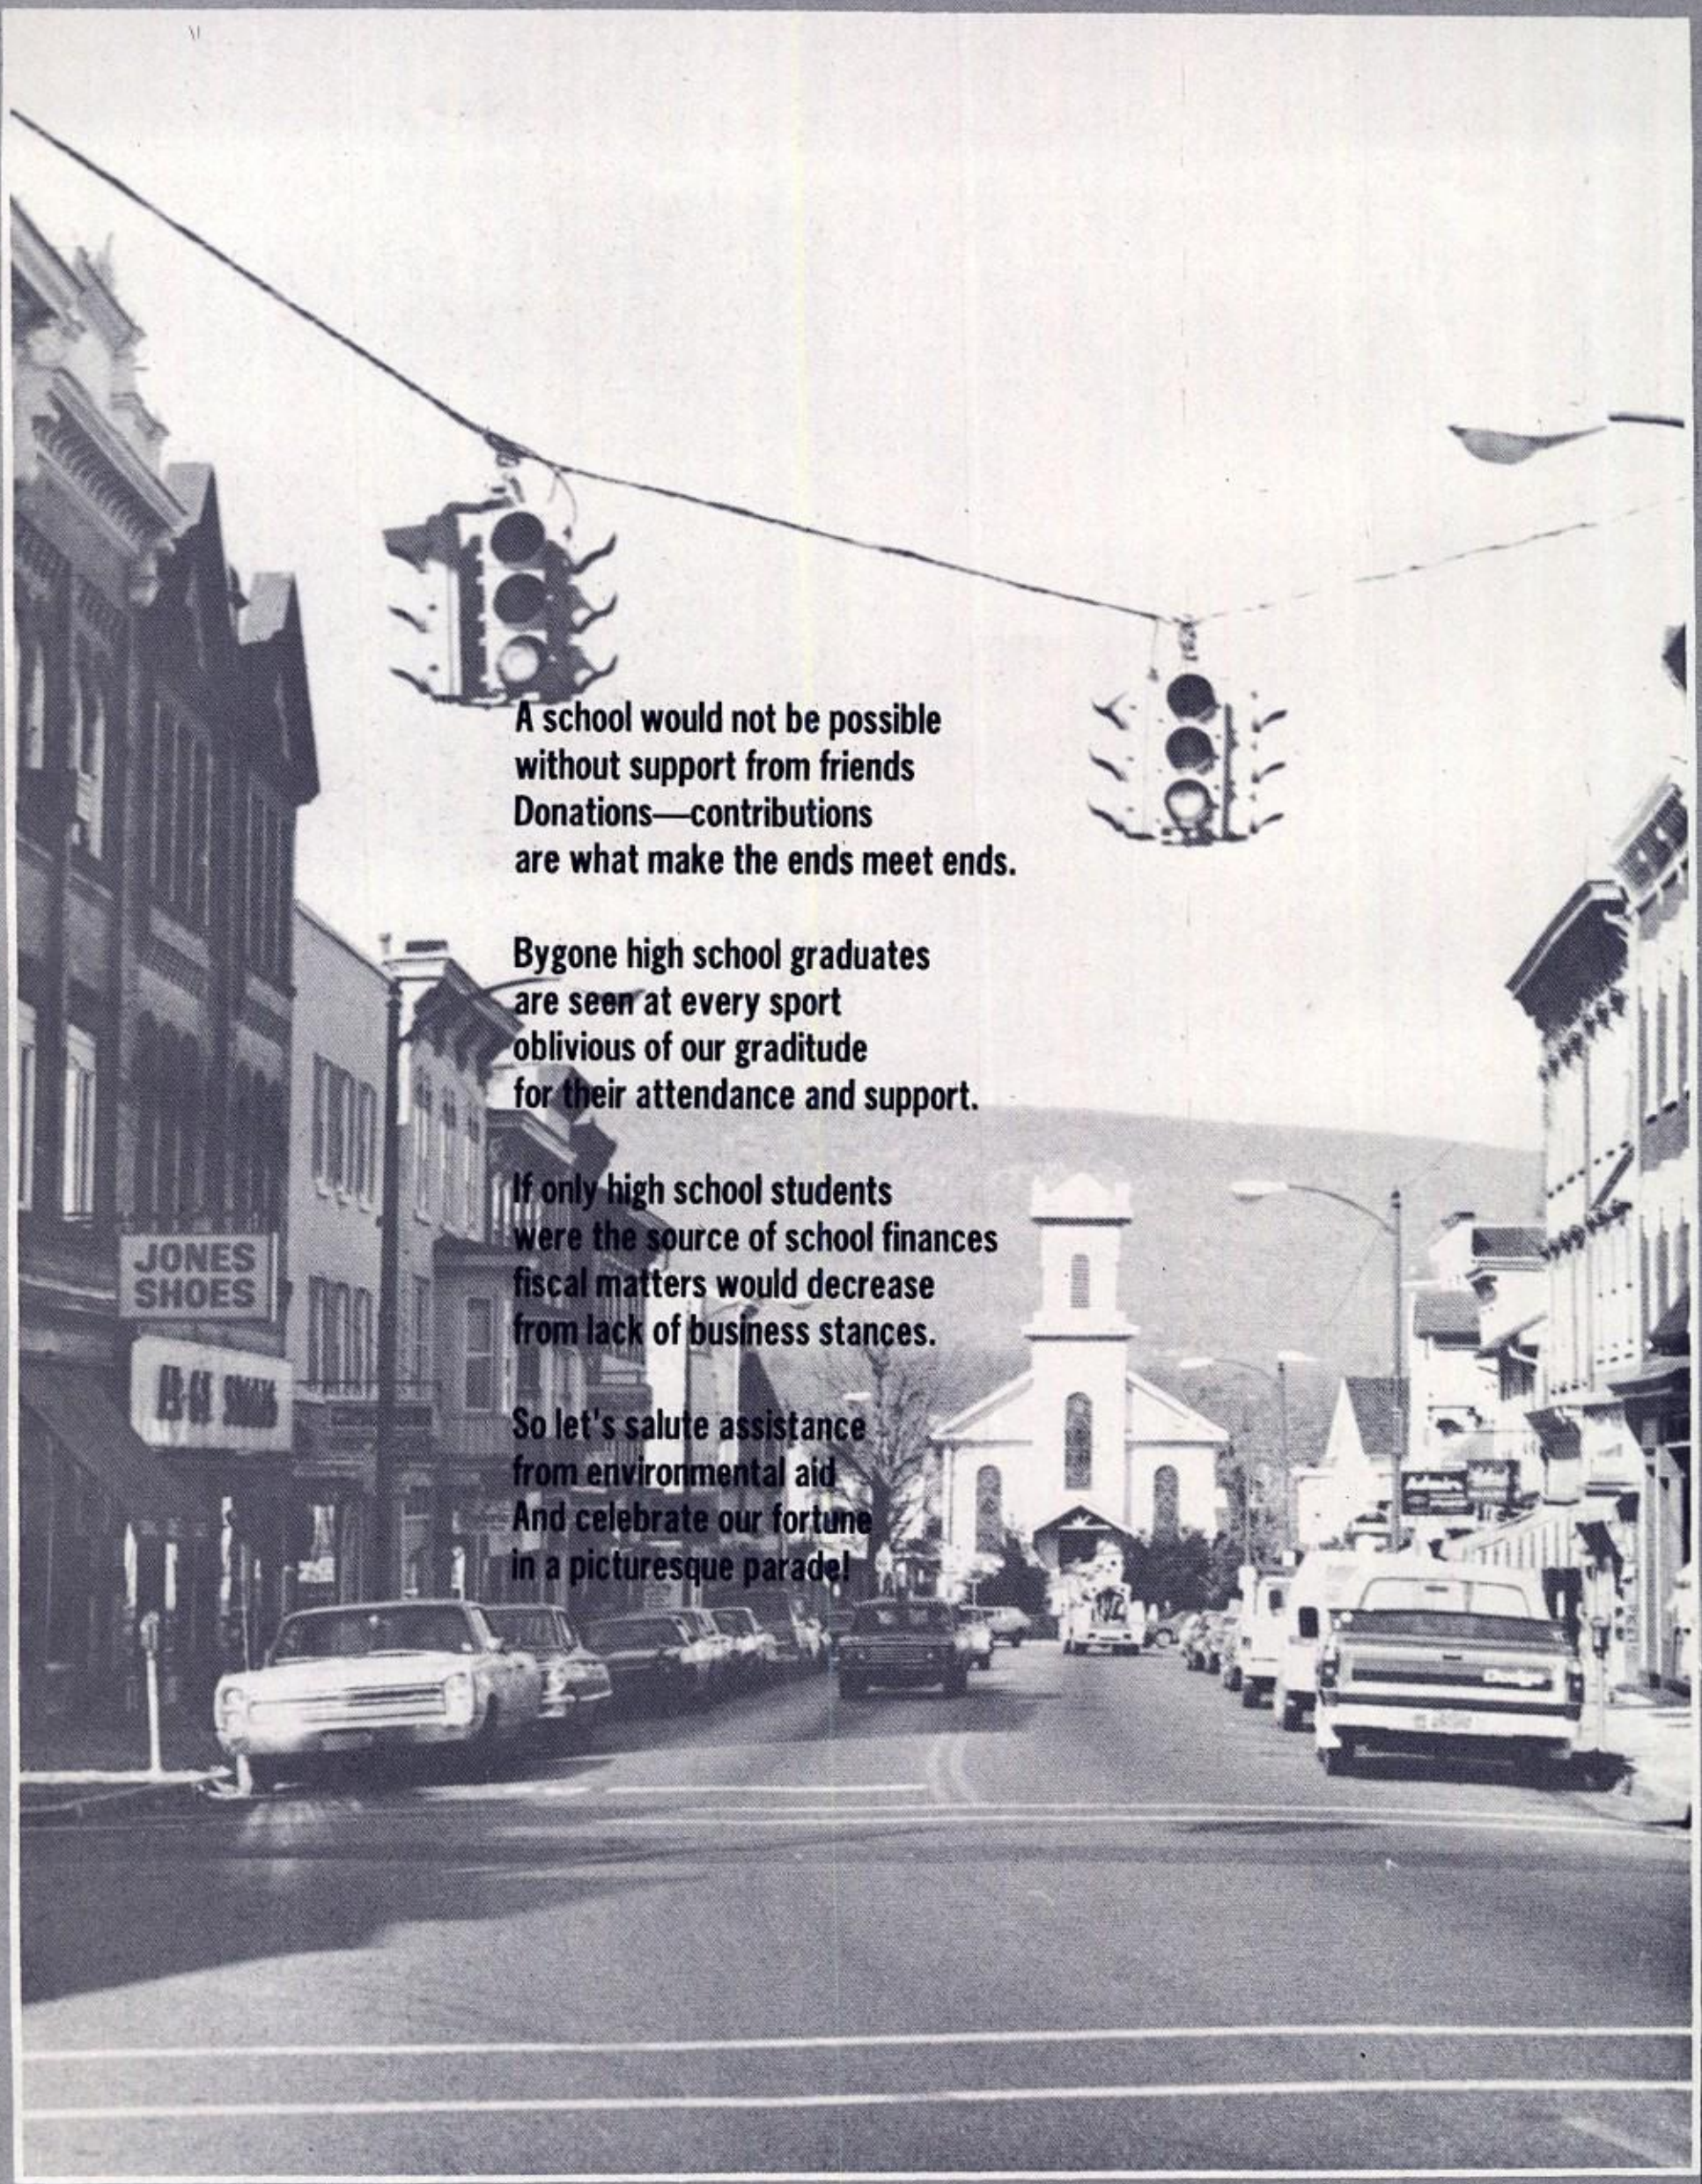
As the song says, "Farewell Speedwell," so said some 170 seniors. The speeches of Validictorian Sharon Greiss and Salutatorian Vicky Kemmerer brought tears to the eyes of many graduates. To commemorate the Bi-centennial, the '76 class wore red, white, and blue gowns. The guest speaker was Dr. John M. Snyder from the class of 1926. Casting off their hats in relief, the '76 graduates ended their high school days in a Farewell Celebration.







# MUNITY LIFE and



A school would not be possible
without support from friends
Donations—contributions
are what make the ends meet ends.

Bygone high school graduates
are seen at every sport
oblivious of our graditude
for their attendance and support.

If only high school students
were the source of school finances
fiscal matters would decrease
from lack of business stances.

So let's salute assistance
from environmental aid
And celebrate our fortune
in a picturesque parade!
